GOVERNMENT SHIP SEIZED BY STRIKERS

Newfoundland Lumbermen Enforce Grant of Increased Scale of Pay

SHIP SAILS WHEN DEMANDS ARE MET

ST. JOHN'S, Nfld., Oct. 28 (P).—Striking lumbermen in the Baie Verte district were granted demands for increased wages after they had seized the Newfoundland Government coastal steamer Argyle, where union representatives and company officials were conferring, it was revealed here tonight.

The loggers, 500 strong, went out on strike a week ago, demanding an advance of fifty cents a cord at the stump for cutting wood for Bowater Company of England. The former rate was \$2 a cord.

HELD FOR HOUR
Announcement this afternoon said the strike had been settled and the men had received their increases. Later a telegram from Major Anderson, of the Newfoundland Rangers (police), was made public, stating the loggers had held the Argyle, a Government steamer under charter to Bowaters, for an hour until their demands were met.

"Strike settled yesterday at 4 p.m. when demands were granted in a conference between union officials and Bowaters aboard St. Argyle. At 3 o'clock, when no decision had been

EYSTON BREAKS SPEED RECORD

British Driver Sets Unofficial Mark of 309 Miles an Hour in Utah

BONNEVILLE SALT FLATS, Utah, Oct. 28 (P).—Captain George E. T. Eyston roared his monstrous automobile Thunderbolt over this glistening saline course today at 309.6 miles per hour—the fastest man has ever traveled on land.

The intrepid Englishman exceeded Sir Malcolm Campbell's world land speed record of 301.1292 m.p.h., but the seven-ton twenty-four-cylinder car broke down on the return journey, leaving intact the record, chalked up on the same white straightaway in 1935.

U.B.C. Graduates Stay in Province

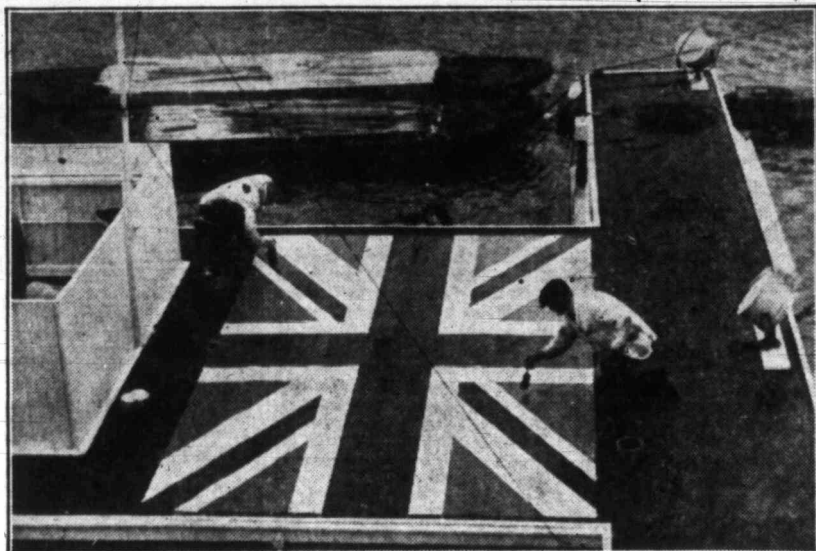

VANCOUVER, Oct. 28 (P).—The mining industry in North America is largely controlled by university-trained men, Dean J. M. Turnbull of the University of British Columbia's Applied Science Faculty told the mining bureau of the Board of Trade.

He said the general belief U.B.C. graduates went to the United States was incorrect, and that eighty-nine of 121 mining and metallurgy graduates were still in the Province.

Torrential Rain Leaves Trail of Minor Damage In Scattered Districts

Highway to Alberni Washed Out—Two P.G.E. Bridges Damaged by Flood

HUNTERS MISSING ON OLYMPIC PENINSULA

PORT ALBERNI, Oct. 28. —Residents of Alberni district today are estimating the damage caused by torrential rains which swept over the countryside yesterday and last evening. The highway connecting this district with Nanaimo was washed out and no passenger or freight stages have arrived since early yesterday evening. About fifty motor cars are held up at the washout, which is near Cameron Lake.

The E. & N. Railway reported their line undamaged, with trains running as usual.

WATER MAIN BROKEN
Residents of Alberni are faced with a serious situation as their water system was put out of order when the main pipe line was washed out near the Alberni Pacific Logging Co. railway. The city spent about \$30,000 this year installing a new water system.

The logging camp at Franklin

Fire Sweeps Building in Cape Breton

SYDNEY, N.S., Oct. 29 (P).—Damage which early estimates placed at between \$100,000 and \$200,000 was caused by fire which swept through a three-story brick building and damaged two others in this Cape Breton city's main business street early today.

Heaviest loser was C. Roy Mason, Cape Breton agent for the Robert Simpson (Eastern), Limited. He placed the damage to his stock and building at about \$100,000.

LATE NEWS BULLETINS

DEATH LIST AT ANCHORAGE AT FOURTEEN
ANCHORAGE, Alaska, Oct. 28 (P).—Raising the death toll of an explosion in the Evan Jones Coal Mine, Tuesday, to fourteen, bodies of Pete Olson and Joe Lucas, miners, were removed from the mine tunnel tonight.

FIRST BRITISH SHIP WITHOUT A RIVET
DEVONPORT, England, Oct. 28 (P-Havas).—The mine-sweeper Sea Gull, the first British warship without a rivet in her armor plate, was launched today. She is electrically welded throughout—a process developed in British naval shipyards.

NEW INNER MONGOLIAN STATE CREATED
PEIPING, Oct. 29 (P-Havas).—Formal creation of a new "autonomous" Inner Mongolian State, under the leadership of Prince Teh Wang, head of the Mongol Banners (tribes), was reported today from Suiyuanfu, capital of Suiyuan Province. The new state will include most of Suiyuan and Northern Chahar, recently conquered by the Japanese. It would form a buffer between Soviet-dominated Outer Mongolia and Japanese-controlled Manchukuo.

JAPANESE FORCES REACH YELLOW RIVER
TIENTSIN, Oct. 29 (P-Havas).—Japanese forces in North China have "symbolically" reached the Yellow River, objective of their drive toward the South. The first Japanese bombs exploded on the banks of the Yellow River since the current hostilities began, when a plane squadron raided Chinese reinforcements proceeding toward Northern Shantung Province, yesterday.

CREW SEARCHES FOR ENTOMBED MINER
DENAIN, France, Oct. 29 (P-Havas).—Rescue crews raced against time, early today, in hope of saving a miner trapped in the depths of the Renard pit by an explosion which killed two men. Five men were severely injured in the blast at the Anzin Mine here, last night.

Certified Photostatic Copy of B.N.A. Act Now at Ottawa

OTTAWA, Oct. 28 (P).—If anyone wants to see a certified copy of the British North America Act, Canada's constitution, he can find it on twenty-one loose photostat sheets at the Public Archives here. The act was copied in the House of Lords at London at the request of Dr. J. F. Kenney, acting Dominion archivist, after Alberta's Premier Aberhart said in a speech at Edmonton, September 6: "Nowhere can there be found the original copy of the British North America Act—Canada's constitution."

A short time after Mr. Aberhart made this speech a staff reporter of the Canadian Press in London found the original—or had it found for him—in the Victoria Tower of the West Side Building at Westminster. Dr. Kenney already had disclosed his intention of having a photostatic copy made. The copy is certified as a facsimile by the clerk of the Parliaments in the House of Lords.

Federal Government Sends Disallowance Questions to Court

Tribunal Asked to Rule on Powers of Veto Over Provincial Legislation—Decision on Disputed Alberta Bills to Be Made Known on Tuesday

OTTAWA, Oct. 28 (P).—While the Dominion Government's decision with respect to Alberta's banking and newspaper legislation remains in abeyance until next Tuesday, Prime Minister Mackenzie King announced tonight question of the Federal Government's power to disallow provincial legislation had been referred to the Supreme Court of Canada.

TRAFFIC ACCIDENTS TAKING HEAVY TOLL

CHICAGO, Oct. 28 (P).—The National Council reported today 28,140 persons died in United States traffic accidents during the first nine months of 1937, a 9 per cent increase over the total for the same period last year.

PREPARATION FOR DURBAR TO START

King and Queen Not Expected to Visit India Until Winter Of Next Year

LONDON, Oct. 28 (P).—The King and Queen are unlikely to visit India before the winter of 1938-39. Announcement in the Speech from the Throne, read at the opening of Parliament on Tuesday, that they will go, however, ends prolonged speculation and doubts about the proposed Coronation Durbar at Delhi, enabling extensive preparations to begin immediately.

Provisions for the expenses of the Durbar, estimated at £1,500,000 (\$7,425,000), was made in the last budget in anticipation of the royal visit. The King and Queen have not previously visited India.

Rich Deposits of Radium Reported In the Argentine

BUENOS AIRES, Oct. 28 (P).—Government scientists are leaving for Cordoba Province to investigate newly-discovered deposits of radium and uranium, Argentina Government officials announced today. The deposits, which officials said "may prove the richest so far found in the world," were reported in the District of Calamuchita, Cordoba, in an area reserved for government exploitation.

WILL RESIGN IN NEW YEAR

Sir Arthur Wauchope Ending His Distinguished Services in Palestine

LONDON, Oct. 28 (P-Havas).—The resignation, effective early in 1938, of Sir Arthur Grenfell Wauchope as High Commissioner for Palestine was announced today in the House of Commons.

Sir Arthur, High Commissioner since 1931, serving through a period of strain due to disorder between Arabs and Jews, expects to return to his post in mid-November. Colonial Secretary Ormsby-Gore stated.

For reasons of health, however, Sir Arthur feels he will be unable to continue at his post and has asked to be relieved of his duties early next year, Mr. Ormsby-Gore added.

No announcement was made of Sir Arthur's successor. W. D. Batthersill is acting High Commissioner.

Sir Arthur, who holds the rank of Lieutenant-General, gave up his post as Commander-in-Chief of British forces in Palestine and Transjordan last year, during the disorders, to Major-General John Greer Dill, who was succeeded recently by Major-General Archibald P. Wavell.

A LONG CAREER
The retiring High Commissioner, who is sixty-three, has had a long career in the army and colonial service.

As head of the Palestine administration, Sir Arthur has been at the centre of crises which have occurred periodically in the Holy Land during the past few years. His health failed recently, and two months ago he returned to England for medical treatment and rest. A few days ago he left a nursing home and now is convalescing.

FIRE HALL SITE IS ANNOUNCED

Oak Bay Council Selects Monterey Avenue—Calls For Applications

A site at the northern end of Monterey Avenue on the east side, where it joins St. Anne Street, was selected by Oak Bay Council last night for the fire hall for Oak Bay's own fire protection department, authorized by taxpayers at the polls last Saturday.

It was reported that the works committee had viewed three proposed sites, only one of which would be suitable. The council went into committee to reach a decision.

A resolution to call for applications for the position of fire chief at a salary of \$150 a month, applications to close in two weeks, was passed, and several applications already received were referred to the fire committee for consideration after the closing date. It was decided not to call for applications for firemen at present.

The \$36,000 money by-law to finance the installation of the department was finally passed, but it was decided not to call for tenders for the bond issue at present.

The council considered tentative designs for the fire hall, interviewed Percy James, architect, and postponed decision until a further committee meeting to be held early next week, following which the council will probably call for tenders for the necessary equipment.

The council met in committee until 11 p.m.

FINES HIMSELF FOR TRAFFIC VIOLATION

NEW WESTMINSTER, Oct. 28 (P).—Magistrate H. L. Edmonds today fined himself \$2.50 on a traffic violation charge.

He received a "ticket" earlier in the week for leaving his car more than an hour on the main street.

JAPANESE DISCLOSE CONDITIONS FOR OPENING OF PEACE TALKS

Is Deputy Speaker Of Legislature

ROBERT HENRY CARSON, M.P.

LIBERAL member for Kamloops in the Eighteenth and Nineteenth Legislatures, who yesterday was the unanimous choice of the House for the post of deputy Speaker, Premier Pattullo moved the successful nomination.

FRANCO READY FOR BLOCKADE

Makes Palma Naval Base—Shifts His Sea Force From Atlantic

(Copyright, 1937, by Havas News Agency)
PALMA, Mallorca, Oct. 28 (P-Havas).—Insurgent strategy in the major offensive that General Francisco Franco hopes will conquer all Spain became clear, observers said tonight, as Franco named this Balearic Island Port his main naval base and announced a blockade of the entire Spanish Coastline still in Government hands.

With troops shifted from North-western Spain, where Government resistance crumbled last week, concentrating along the Aragon front to the Northeast and in the Almeria zone in the South, observers said the insurgents would be ready shortly for a concerted land, sea and air attack on all sides of the Government territory that runs from the French border to the Strait of Gibraltar.

PUT INTO EFFECT

The insurgent blockade, employing all Franco's naval units was put into effect immediately, it was announced. The insurgent command was able to shift its units from the Atlantic after Gijon fell on the Bay of Biscay.

The naval blockade will extend from the French frontier southward along the Mediterranean Coast to Almeria, a distance of about 500 miles.

Ralph Connor Is Slightly Better

WINNIPEG, Oct. 28 (P).—Dr. C. W. Gordon, famous Canadian novelist and churchman known to the literary world as Ralph Connor, remained in serious condition in hospital here tonight but the attending physician, Dr. Athol Gordon, a nephew, said he had noted "very slight improvement."

Bridge Tolls Will Be Lifted in Part Premier Declares

Hon. T. D. Pattullo Announces Plan Under Which Ottawa Is to Buy Rail Bridge, and Legislature Will Be Asked to Transfer Portion of Debt

RENEWED efforts by the British Columbia Government to lift a substantial part of the tolls off the new Pattullo Bridge were referred to outside the Legislature yesterday by Hon. T. D. Pattullo. The Premier stated it was now the expectation of the Province that the Dominion would buy the existing rail bridge at New Westminster.

If this were done, he said, the Government would ask the Legislature to match this fund dollar by dollar by conversion of bridge debt into the general debt of the Province. Partial tolls would then be levied.

As the Government applied unsuccessfully at Ottawa recently for a straight grant of \$2,000,000, on the ground that the new toll bridge was part of the Trans-Canada Highway route, it was assumed that the al-

Suggest Interested Powers Be Given Mandate to Start Conversations With View to Armistice In China—Reported to Favor Simultaneous Discussion in Tokio and Shanghai

Tide of Battle Threatens International Settlement

PARIS, Oct. 28 (P).—A high Japanese source disclosed to the Associated Press today what were said to be the minimum conditions on which Japan was willing to negotiate peace in China.

This informant suggested interested powers start conversations looking toward an armistice, which he indicated the Japanese would like before intense Winter cold begins in certain sections of China.

Japan, he said, was disposed to accept friendly conversations on peace in China and suggested the Nine-Power Conference on the Chinese-Japanese war, called for Brussels, November 3, might give interested nations a mandate to sound out the Japanese and Chinese Governments on their minimum terms. The Japanese terms were said to be:

JAPANESE TERMS
1. Temporary occupation by Japan of China's five northern provinces.
2. Creation of a neutral zone about Shanghai from which Chinese troops would be excluded and in which order would be maintained by an international police force of Japanese, British, United States, French and Italian troops.

These terms, the Associated Press was informed, represented the views of Japanese diplomats in Europe and presumably those of the Tokio Government, although the views of

DEATH REMOVES NOTED CITIZEN

John T. O'Brien Passes Away In Hospital Here After Lengthy Illness

John T. "Jack" O'Brien, 1919 Davis Street, passed away in the Jubilee Hospital last night, bringing to a close a career in the Northwest which was both unique and colorful. Known to all as just "Jack," Mr. O'Brien had a host of friends throughout this province and the State of Washington, and was known all along the Pacific Coast in sports circles.

He is survived by his widow; one son, John, attending the University of California, and two daughters, Mrs. W. L. Morgan and Miss Betty O'Brien, both of Victoria.

The funeral will take place tomorrow morning, at 9 o'clock, at Our Lady of Lourdes Church, the Willows, where Mass will be celebrated by Rev. Father J. R. Buckley. Burial will be in the family plot in Ross Bay Cemetery. Sands Mortuary is in charge of the funeral.

Mr. O'Brien was born in Brunswick, New Jersey. In his boyhood days he lived just around the corner from the home of the late B. C. Nicholas, in Virginia City, Nevada, and, losing touch with his boyhood companion for some years, renewed his friendship when he came to Victoria. The passing of his boyhood friend, Mr. Nicholas, late editor of The Times, came as a shock to Mr. O'Brien.

Mr. O'Brien went later to Seattle and when recounting his experiences he always claimed that he earned

WIFE OF CHINESE LEADER INJURED

Mme. Chiang Kai-Shek Hurt When Thrown From Car on Highway

SHANGHAI, Oct. 29 (P).—Injury of Mme. Chiang Kai-Shek in an automobile accident while traveling between Nanking and Shanghai was disclosed officially today.

Mme. Chiang, wife of the head of the Chinese Government and Army and secretary general of the Chinese National Air Force, suffered a fractured rib and shock.

The accident occurred last Saturday midway between Nanking and Shanghai when a rear tire of her automobile burst. She was catapulted fourteen feet out of the car into a muddy pool where she lay unconscious for a time.

W. H. Donald, Australian adviser to her husband, and a Chinese officer who were traveling with her escaped injury though the automobile overturned.

Legislature Warned Municipal Help Is Needed Immediately

Drivers' Tests for Fitness on Roads Forecast by
Government Spokesmen as Main Debate Opens
—Dr. Frank Patterson Adjourns Debate

WARNING that British Columbia municipalities could not wait for the Rowell Commission to report in two years' time but would require additional assistance now was given in the British Columbia Legislature yesterday by Alderman Fred Crone (Lib., Vancouver Centre), launching the main debate.

British Columbia municipalities, he said, were still in a bad way, after reduction of provincial grants and addition of new social service charges. As Alderman Crone moved the Address in Reply, his remarks were taken to mean that there will be some measure of municipal aid offered at this session.

Elsewhere in his address, the member for Vancouver Centre forecast Government action to present legislation leading to examination of drivers for car operation licences, as well as continuation of present tests for defects in cars on the highways. He praised the Government generally for what he said was

Dr. J. J. Gillis Is Elected Chairman Of Liberal Caucus

If there are surprises in store for this session, they did not develop yesterday, when the Government met the Liberal caucus in its first work-out after the Legislature adjourned for the day. The caucus lasted an hour, but did not develop word of any major legislation. Dr. J. J. Gillis (Lib., Yale), was re-elected chairman of the caucus, while Captain Sidney Leary (Lib., Kaslo-Slocan), was reappointed chief whip.

capable management of the province's affairs in the last four years.

C. R. BULL, M.P.P.

Cecil R. Bull (Lib., South Okanagan), in seconding the Address in Reply, advocated a renewed policy of immigration into Canada; said British Columbia should take a lead in assisting resettlement of farmers from the stricken areas of the Middle West; urged an economic survey of British Columbia's resources and assets, and defended agricultural marketing control as applied to tree-fruit areas of the province.

Mr. Bull challenged mildly Canada's untested position in Empire councils, saying statesmanship lay in preparing the people for eventualities they might some time have to face.

DEBATE CONTINUES

The debate was adjourned by Dr. Frank Patterson, Conservative chief, and Leader of the Opposition, who will make his maiden contribution in the House this afternoon. Colin Cameron (C.C.F., Comox) will follow.

R. H. Carson (Lib., Kamloops) was appointed deputy speaker by the Legislature, on motion of Premier Pattullo. No legislation was offered. The House adjourned for the day at 3:42 p.m., until 2:30 this afternoon. The Liberal caucus held its first session immediately afterwards.

TORRENTIAL RAIN CAUSES DAMAGE

River of Blodet, Stewart & Welch closed down this morning, throwing about 100 men out of work. The closure became necessary when logging railways were washed out.

RAILWAY LINE DAMAGED

VANCOUVER, Oct. 28 (P).—Work crews tonight awaited recession of flood waters before attempting to repair damage done to Pacific Great Eastern Railway's roadbed east of Squamish today as regular service was restored on Canadian Pacific and Canadian National lines through the Fraser Canyon into Vancouver.

Storms that dropped more than three inches of rain over the southern coast district of British Columbia earlier in the day had tied up all railway communication in that area.

Four miles east of Squamish, forty miles north of here at the head of Howe Sound, where the P.G.E. rails end, the raging Memquam River tore out a railway bridge which officials of the line said could not be repaired until early next week. A few miles further east the Cheekye River covered tracks to a depth of four feet and forced a railway bridge out of line.

Between these two breaks in the P.G.E. system, tiny Brackendale was isolated as all communication with the town of 200 population was cut off.

POWER LINE CRIPPLED

Officials of the British Columbia Electric Railway Company which supplies Britannia Mine on Howe Sound with power, said they expected service to the mine would be restored late today. The high-tension wire to the property was washed out on a steep mountain-side along the Sound.

The C.P.R.'s 9:00 a.m. train did not reach here until late afternoon, delayed by slides in the Fraser Canyon east of Vancouver. The C.N.R. morning train, also slide-bound for some hours, arrived at 2:30 p.m.

Road crews sought to clear a three-quarter-mile slide which blocked the Trans-Canada Highway in the canyon, but did not think it would be opened to traffic for two days.

ON OLYMPIC PENINSULA

PORT ANGELES, Oct. 28 (P).—Hampered by broken communication and transportation systems, Northwest Washington took stock of last night's gale, rainstorms and flooding streams.

Anxiety was expressed for the safety of Edward Cripe, thirty-four, of Port Angeles, and Ted Roschert, of Grapewick, who left an elk hunting camp a mile and a half below Jackson Ranger Station west of here Sunday night and had not returned to their parked car. One other hunter was known drowned.

RAIN CAUSES "DROUGHT"

Forks, sixty miles west of here and rallying point for the elk hunters and Olympic Peninsula settlers fleeing the floods and tree-blocked mountain roads, faced a "drought crisis" despite a two-inch rainfall.

Fearful of colds from exposure, hunters crowded the state liquor store at Forks and cleaned it out of whisky.

The Indian village of La Push wireless the mile-a-minute gale did little damage, but that two women narrowly escaped death when their automobile virtually was buried by an earth slide.

DEATH CALLS NOTED JURIST

Chief Justice D. A. Macdonald of Manitoba Dies
In Eightieth Year

WINNIPEG, Oct. 28 (P).—Chief Justice D. A. Macdonald, of the Manitoba Court of King's Bench, died here today in his eightieth year, just a month before he was to retire on pension.

An eminent jurist for thirty-one years and connected with the legal profession in Manitoba since 1883, Mr. Justice Macdonald had been confined to his home for some weeks by a lingering illness. His retirement on pension had only been announced from Ottawa on September 27, effective November 30, 1937.

Born in Charlottetown, P.E.I., in 1858, he was educated in his native province and was admitted to the Prince Edward Island bar in 1883. He founded the firm of Macdonald & McPherson, barristers, at Portage la Prairie, where he practised until his appointment to the Court of King's Bench in 1906. He had been chief justice since 1927.

Funeral services will be held here Saturday in St. Luke's Anglican Church, of which he was a devoted member, and burial in St. John's Cemetery, Winnipeg.

Chief Justice Macdonald's wife predeceased him a few months ago. Surviving are one son, Geoffrey, and two daughters, Mrs. W. C. Russell and Mrs. Vivian McMeans, both of Winnipeg. A third daughter, Mrs. John Rogers, lives at Barrie, Ont.

JAPANESE DISCLOSE PEACE CONDITIONS

Continued from Page 1

Japanese army leaders were not ascertained.

BAR AGAINST RUSSIA

The significant point of the Japanese attitude as understood here was that Japan intended to keep her armies on a line to the south of China's five northern provinces. The frankly-admitted object of this was to prevent Russia from sending troops to China through Mongolia.

The official Japanese view here is that it would be difficult to negotiate a Far Eastern peace from Brussels and the beginnings of peace could only be discussed at Tokyo and Nanking.

Other interested powers than Britain and the United States, according to Japanese here, were France and Italy, who would be expected to take part in the conversations.

The following authorized statement on Japan's position was given to the Associated Press:

AUTHORIZED STATEMENT

"Japan refuses to participate in the Brussels conference for reasons already known, but that does not mean Japan will not accept conversations with the principal powers interested."

"Evidently, Japan has a strong desire to bar the route in Northern China against penetration of the Komintern (the Communist International with headquarters at Moscow) and to work amicably with the Chinese."

"But as long as it is necessary to take measures to assure these things, evacuation of Japanese troops from Northern China is impossible. However, that does not mean Japan has territorial designs on that region or that she seeks to create an independent state like Manchukuo."

"On the contrary, Japan desires to collaborate with the Chinese, Americans and Europeans because Japan's national economy imposes the necessity for keeping open Chinese markets."

SHANGHAI, Oct. 29 (P).—The tide of the great battle for Shanghai rolled westward today, bringing new perils to large sections of the international city in which many foreigners have their homes.

Victorious at Tazang and Chapel, Japanese army and marine units were being steadily reinforced all along the northern bank of Soochow Creek, new front west of the International Settlement.

Apparently they were awaiting the zero hour of an offensive designed to drive the Chinese back to strongly entrenched new defence lines running through Hungjiao, southeastern suburb, which already was under Japanese artillery fire.

SUBURBAN STRIP

Indicated area of the impending fighting is a strip some five miles wide, from Soochow Creek on the north to the Whangpoo River on the south, including fine residences and country clubs.

Some of this territory is inside the British defence lines. The western districts of the French concession were gravely threatened by the approach of the conflict.

Along the south bank of Soochow Creek, Chinese forces which had retreated from Tazang and Chapel, key points of their old front north of Shanghai, prepared for a determined stand in a maze of trenches

Sittings Set to Revise Lists For Coming Election

COURTS of revision will be held at three different places for the revising of the voters' lists for the Dominion election which is now being prepared. At these courts of revision any names of qualified voters that have not been given the enumerators may be placed on the list, and the opportunity is also afforded to hear complaints against the retention of any names that have been handed in. The courts will sit from 2 to 5 in the afternoon and from 7 to 10 in the evenings on November 4, 5 and 6.

The courts will sit as follows: No. 1, embracing the territory west of Cook Street, at 802 Bank of Toronto Building; No. 2, embracing the territory east of Cook Street and north of Port Street, Pandora Avenue and Oak Bay Avenue, at 1104 Port Street; No. 3, embracing the territory east of Cook Street and south of Port Street, Pandora Avenue and Oak Bay Avenue, at 1027 Cook Street.

crisscrossing the fertile truck gardening area which supplies much of Shanghai's food.

In devastated Chapel, an intrepid Chinese battalion continued its fight to the death against enrolling Japanese forces, rejecting an Anglo-American offer of asylum within the International Settlement.

British and American commanders had hoped thus to remove danger of stray bullets and shells flying into the International Settlement when the Japanese made their threatened attack to wipe out the battalion.

GENERAL UNDER FIRE

Major-General A. P. D. Telfer-Smollett, British commander, was under fire yesterday when two Japanese tanks sprayed a bridge across Soochow Creek with machine-gun bullets. The general was standing with a group of British officials and American movie cameramen at the southern end of the bridge when the tanks moved to positions at the north end and opened fire without warning.

KAMLOOPS, B.C., Oct. 28 (P).

Twelve men were out of work today at Tarry's Sawmill, forty miles Southeast of here on the Vernon-Kamloops Highway, when fire destroyed the eight-year-old plant early this morning.

REPETITION OF FLOODS FEARED

Rivers Overflow Banks in
Three Eastern States—
Towns Inundated

(By the Associated Press)
A steady downpour swelled the rivers of Pennsylvania, Maryland and West Virginia early today, threatening a repetition of the floods in those areas early this year.

The situation at Cumberland, Mo., became so menacing a company of National Guard was ordered out there for flood duty. The main business street stood under eight inches of water. The Potomac River continued rising, although at a diminishing rate.

Half of Ridley, W.Va., across the river from Cumberland, was under water. Up and down the Cumberland valley towns were inundated, schools were closed and residents were quitting their homes.

FORCED FROM HOMES

The river rose at Hancock and Williamsport, below Cumberland, and at the up-river mining towns of Mitzmiller and Shillmar, where 120 families were forced to seek higher ground.

A similar exodus was under way in Central West Virginia. The towns of Buckhannon, Weston and Sutton were virtually isolated.

In Pennsylvania, the historic "flood city" of Johnstown awaited a predicted crest of at least twelve feet on the Stony Creek River. The flood stage there is fourteen feet.

NEW EXPEDITION TO JOIN SEARCH

Four Planes Ordered to Arctic
Base to Relieve Party Hunt-
ing for Lost Airmen

MOSCOW, Oct. 28 (P).—Four large planes equipped for flying in the polar night were entrusted today with the Arctic search for Sigismund Levanevsky's missing trans-polar flyer, and his five companions. Ivan Chukovsky, experienced Soviet aviator, will be in charge of the new expedition, which will relieve that headed by Pilot Shevelev, who has been searching since September 10.

Four planes commanded by Shevelev have been recalled, but he will remain at Dudof Island to co-

THE RAILWAY PROBLEM

Mr. C. D. Howe, the Minister of Transport, has invited public bodies, including the Canadian Chamber of Commerce, to tell the Government how to solve the railway problem. The solution he wants is the restoration to the Canadian Pacific of its pre-depression prosperity and the enabling of the Canadian National to pay all its charges. There are those who believe that in the case of the Canadian National specifically, and the Canadian Pacific because what is done, the responsibility should rest with the elected representatives of the people, and in particular with the Government. During the election campaign, which saw the Mackenzie King Government restored to power, it was claimed that Liberal policies and the consequent prosperity that would ensue would solve the railway problem, yet apparently it remains.

The fact is that the present Government has done nothing to solve the railway problem. It has been deaf to the suggestion of unified control as advanced by Sir Edward Beatty, and yet every business man of acumen in the country, who is not blind in a partisan way, knows that it is business methods in the administration of the railways as a whole that are so badly needed. At present the railways are competitors, duplicating service, and there is not enough traffic to go round to insure that both transcontinentals will pay their way. All that can be said to Mr. Howe's plea for advice is that the Government is not unkindly of its obligations. Seemingly, however, it has no suggestions to put forward for the solution so badly needed to save the taxpayers sums varying from \$50,000,000 to \$100,000,000 annually.

Even such an ardent supporter of Liberalism as The Toronto Globe and Mail says, in dealing with the deficits of the nationally-owned system: "What long-range programme can be compensation for a situation like this in a country otherwise topheavy with public debts? How long can the people stand it? Why should they be expected to stand it? The industrial picture is bright, but the railway problem is no nearer solution. The incongruity is sufficient to demand whatever adjustment is needed."

UNNECESSARY STREET NOISES

The City Council is still deaf to the unnecessary noise of traffic within the municipal limits. Complaints, wholly justifiable, have been ignored. Elsewhere the problem is regarded as a live issue, one that has something to do with the nervous strain of modern conditions, and one over which jurisdiction can be exercised for the good of a community. In Welland, Ontario, direct action has been taken through the passage of a by-law prohibiting all unnecessary noises within the municipal area. That by-law provides for fines up to \$50 for each offence against the new regulations.

Toronto is considering the question of unnecessary traffic noises. A conference was held there yesterday by members of the City Council, who sought advice from several prominent organizations of the city. If necessary, Toronto will apply to the Ontario Government for the authority to check noises, if it is found that this is essential to the enforcement of regulations. The repression of noise is desirable in the interest both of residents and quiet road-users. The noises that are superfluous are horn-honking, motor-cycle exhausts shattering the air, motorists traveling in second when it is entirely unnecessary, street cars that, because of age or faulty rails, create a din, and other expressions of annoyance or stridency.

In London there is a Departmental Committee on Noise in the operation of mechanically-propelled vehicles. One of its latest recommendations is that there should be a loudness limit placed on the stridency and audibility of motor-horns, and the opinion is expressed that the limit would be adequate to meet the needs of the majority of vehicles. Nothing can be done in this regard by a campaign of education. Restrictions are essential in a day and time when "rattled nerves," symptomatic of an age of noise (much of it unnecessary), are disturbing the health of the people. Recently a "Health Week" was held here, but no mention was made during it about the nervous strain prevalent because the City Council will not enact and enforce regulations against unnecessary noises on the streets.

RELIEF AND MORALE

It is an accepted fact now that the dole is essential in cases where individuals are the victims of circumstances and cannot support themselves and their dependents. What is not an accepted fact, even by social workers, is that the institution of the dole is leaving an undesirable imprint on some minds, and, perhaps, in some instances, creating unemployables. It should be a part of the duty of the dispensation of state funds, and also money raised by benevolent effort, to insure that in no way or particular the morale of the beneficiaries is destroyed. It has been destroyed to some degree under the existing dispensation.

The Kitchener Record tells of a composition written by a pupil attending one of the Windsor elementary schools as follows: "Writing under the caption 'What I Would Be,' this young lad expresses no ambition to get out and hoe his own row; nor is he interested in studies. He figures education is of no use because doctors, lawyers and school teachers have to pay so much for clothing and food while the persons on relief get all the bread and milk they can use and their gas and light bills are paid by the city. So he would rather be on relief."

The Kitchener Record describes this viewpoint as one of the aftermaths of widespread relief. Perhaps it is an isolated instance, but it is in

the nature of a reflection on educational methods which allow for such a viewpoint as that expressed by the child. It is, perhaps, one he has taken from his parents. There is no reason to suppose that there are not other cases of the same kind, where the outlook has become warped because of the processes of relief. This attitude should be combatted by social workers, a part of whose training ought to be that relief is but a temporary expedient and to be avoided by all when any opportunity for escape presents itself.

SAFETY ON THE ROADS

Recommendations affecting motor car traffic are the outcome of a study of the subject made by the Bureau of Public Roads of the John Hopkins University, the Maryland Motor Vehicle Commissioner and the Maryland State Roads Commission. One finding is that the eighteen-foot pavement is "too narrow for modern passenger cars alone or for modern mixed traffic." The twenty-foot pavement is called reasonably adequate, but only the twenty-two-foot pavement wins complete approval as an adequate width for mixed heavy traffic.

The New York Sun, in discussing the findings, says the investigators used the moving picture camera to discover how passenger cars pass other passenger cars and how trucks pass other trucks. The camera could not disclose all the information needed because it was useless in discovering the psychology of the drivers. What it disclosed was this: "An interesting and rather surprising fact brought out by this study is the magnitude of the clearance taken by motor vehicles. This holds true for all types of passages, whether in same-direction or opposite-direction passing. Quite contrary to the feeling that drivers often have of 'just getting by' when they pass other vehicles, the large average clearance observer shows that this feeling is generally unwarranted."

Safety on the roads is, in part, a question not of the roads being wide enough, but of being more than wide enough. The margin of safety cannot be too great, within reason. The wider the clearance to the right and the greater the distance from the left hand side of the road, the better. Roads, too often, are made narrow to save the taxpayers money, which is a laudable enough desire. The saving may, however, have a tendency to increase the risk to life, limb and property.

"Buses" or "busses," which is the correct spelling? Webster's offer a choice between the two, and the Oxford English Dictionary regards "buss" as permissible in the singular. Despite the rule that "monosyllables and words accented on the last syllable, ending with a single consonant and preceded by a single vowel, double the final consonant when they take an additional syllable beginning with a vowel," "buses" is a word that has come to stay, even if they are not approved here by the voters in the forthcoming plebiscite.

Mr. L. D. Byrne, one of the Social Credit advisers of the Alberta Government, sent from England by Major Douglas, has been engaged on a ten-year contract with a salary of \$6,000 a year and generous traveling expenses. He enjoys a position analogous to that of the members of British Columbia's Health Insurance Commission. In both cases there is preoccupation in a task that is not operative.

KING OF THE FLEAS

William Hechter, who died recently at Basle, made a fortune from fleas. He was the star trainer of performing fleas.

Sheer boredom started him on his career. He was twenty at the time, and was crossing the Atlantic to America as an emigrant. He found himself being driven nearly mad by fleas. Then he had a brain-wave. Why not train the fleas instead of killing them? Trained fleas would be a certain draw!

Patience was the secret. He found that fleas, if tied with a hair, would quickly settle down, and in a short time he had them performing seemingly incredible tricks.

Taking his circus ashore in a box under his arm, he soon found a job and, touring America for forty years, made a fortune.—Pearson's Weekly.

The Weather

Meteorological Office, Victoria, B.C., at 7:00 p.m., October 28, 1937.

SYNOPSIS OF WEATHER CONDITIONS
The storm which has passed east of the Rocky Mountains caused light showers in Southern British Columbia. Some rain has occurred on the North Coast. The barometer is rising and the weather continues mild throughout this Province.

It has been quite warm, with high winds, in the Prairie Provinces.

Note and Comment

By Sandham Graves

There are two things that I should like to study, some day. One is the degree to which a single man can affect his environment, and so in widening circles change the course of provincial, national and world history. The other is the ebb and flow of reason and wisdom, as distinguished from knowledge and assertion. All through recorded history there are proofs of the fact that a single member of the human family has changed the environment of his or her kind, and sometimes of the world at large. We call them leaders. There have been good leaders and bad, men who have led humanity temporarily up to the heights of physical and spiritual achievement, from whence for a time mankind has had the vision necessary for arts and culture, and men who have led humanity down to chaos, dissolution and the blighting of entire civilizations. Progress for the human animals can be measured by the peaks of reason and wisdom reached at long, long intervals in the world's history, while in between such peaks there have been valleys of despair, forests of doubt and bewilderment, and even reversions temporarily to baser modes of life. If you have seen man in the severest test of his own creation, war, you will know that there, in the face of every vicious circumstance to the contrary, he attained the selflessness of a superior being. More is the pity, then, that that which is best in humanity is wasted in the destruction of physical and moral values with which man could, and some day may, build a lasting civilization.

The human family is a loose and scattered one, only drawn closer together in the face of some threat to its common welfare. Should, for instance, a minutely invisible insect suddenly gain mastery of the world and threaten all human beings with extinction, then men would unite against that common foe. What is less obvious, but no less true, is that the war of man on man is a piecemeal exhaustion of all human energies for the nebulous fruits of victory, turning to ashes in the mouth. When you think of the earth as whirling through space from an origin beyond the ken of mortal men, on a voyage we cannot change or alter, and to a destination none may with certainty proclaim, it seems absurd that man should fight the shadow of himself. Abroad at present there are two schools of thought, one which says that which is not right must be put right by force, by mailed compulsion, and the other which holds that men can be taught to reason out their differences. So we see war, undertaken for vastly different reasons, but tending to a common end, and we see a larger, silent, greater force moving in the course of peace and reason. I have no doubt that in the years to come reason will conquer and have its way. It is a living, if slowly moving, force. Meanwhile, as this is human history, look for the men behind the movements, the leaders. All history is but the record of a few determined men, who, with vision or without it, changed the fates of nations. There is no second law for history; men reap precisely what they sow.

From the peaks of higher civilizations mankind has saved but little of his art or culture. A few scattered books, wherein the brains of genius flashed for a second, the face of earth, a few scattered bits of music, a few old paintings from the brush of those who once had a vision, a few crumbling ruins, from which we may with difficulty trace the grandeur of conception that once was there, a few rules of thumb for living, and, perhaps, the rudiments of law. It is not much to show for generations that have fought and quarrelled, lived and died in what they thought was the very peak of human enterprise. Even those few scattered bits of learning were the work of single individuals, leaders in the higher realms of thought, head and shoulders over those who in their day were deemed as great. Nowhere have we matched the grand design of Nature, nowhere have we measured up to whirling constellations, with their changing seasons, and their tides and courses; little have we yet begun to sense the plan of Providence for a scheme of things in which man, too, would fit into a common course, to work in harmony with his own surroundings and with a universe he cannot even measure—that has yet to come. History may give us credit for invention, but will add we threw away our brightest chances while shadow-boxing with ourselves.

Are these, our times, the ebb or flow of reason? What will we build for our short time on earth? Who were, and are, our leaders? Tell me that, and I could plot the peak or plumb the valley that we'll leave upon the blotted page of Time. Yes, there is much to study in man and his environment; but it is Time itself that will correct our exercises, marking this one right and that one very wrong.

The Observation Car

By THE EDITORIAL STAFF

Horace Disillusioned

Salesman Horace told us an idealist is a young man who thinks all women are angels. . . . Speaking of radio, why are amateurs called "hams"?—Hams are supposed to be cured. And then again, there are countless radio singers who commit piracy on the high Cs. . . . We are getting to the place where no garage service is complete unless there is a man on deck able to repair radios. . . . Is it true that a good listener is usually thinking about something else? . . . With Christmas just around the corner, we might remark that those who receive bill folds for presents will probably not need them until March or April. . . . Bill, the Broad Street barber, laments that it is no use telling a young man what he does not know. It will take him a lifetime to find out. . . . Some men seem to get so little pleasure out of life that they seem to be on earth just for a business trip. . . . Small town—a place where a man is rated by his god deeds, not by Dun and Bradstreet.—G.B.

And So to Bed

We wonder if the recent rains presage a "damp" Halloween. Firecrackers will probably turn out to be a "fizzle" if ignited under a downpour. However, the rain may have one good effect in keeping mischief makers indoors, where they can do no harm to other people's property.—W.I.F.

Courageous Little Orphan

In the Jubilee Hospital there lies a little orphan English boy whose cheerfulness and courage in the face of desperate illness have won him a host of friends and admirers. Paralyzed he can do nothing to amuse himself or while away the long hours. Without friends in Victoria, his lot would have been a particularly unhappy one were it not for a number of good Victoria ladies who call on him frequently and do all they can for him. The other day he asked one of his callers, the wife of a cabinet minister, to hold his mouth organ for him. She did, and, note-perfect, he played "Home, Sweet Home." It probably was just a tune to the little fellow, but it was an unforgettable incident to his visitors, whose calls obviously bring joy into his burdened young life.—H.C.M.

Wednesdays

The editorial staff, whose duty it is to observe, sometimes fail to mark that which is novel, out of the ordinary, humorous, or striking, and which might not be used in a news story. I failed lamentably in this duty today. . . . I was about to purchase some small apparel in a clothing store, and found the door shut and barred, since it was Wednesday, while another member of the family, seeking shoes that had been repaired, met a similar fate. . . . One concludes, therefore, that this idea of shutting the town tight in mid-week is inherently wrong, and observes (since nothing has been noticed is novel or extraordinary) that shops should be left open Wednesday, but closed Saturday at midday, so that all of us, tinker, tailor, soldier, sailor, and newspaper-man could knock off at the very hour of noon, the better to observe a long week-end and the leisure that would be a concomitant to it. . . . You will say, I suppose, that it cannot be done, but that was said of the eight-hour day, the forty-four-hour week. Soon we shall have a five-hour day, and a thirty-three-hour week. Now, say I, is as good a time to start upon it as any.—B.G.

Glancing Over Sport

In a foursome the other day at the Uplands Golf Club the players finished the thirteenth hole six under par, believe it or not. Bill and Walter Newcombe eagled the hole with a pair of deuces for the 285-yard distance, while Harold and "Skink" Brynjolfsson scored three. . . . Jim Bradlock, ex-heavyweight champion of the world, is following in the steps of Jack Dempsey and Tony Canzoneri, and is going into the restaurant business on Broadway. . . . I understand that the British Columbia open table tennis championship will be played in Victoria this season and that one of the finest fields in the history of the event will be off. Of course the meet will be held on the many fine tables of the City

FIFTY YEARS AGO TODAY

(From The Daily Colonist, October 29, 1887)

Marine Notes.—Steamer Idaho is due from the North and should arrive today. Collier Wellington passed up for Departure Bay at 4 o'clock yesterday. Steamer Western Slope will leave for New Westminster today for a cargo of salmon to be landed into the hold of the bark Clamart. "Tus-Pilot" arrived in Esquimalt yesterday afternoon from Chemainus with the bark Don Adolph in tow. The bark has a cargo of lumber for San Francisco and sails for that port on Monday. Steamer Ancon, Captain Carroll, arrived at the Outer Wharf at 8 o'clock yesterday morning from Port Townsend and left again for Sitka at 10 a.m.

Personal News.—M. Mowat, inspector of fisheries, is in the city. Donald Chisholm, M.P., New Westminster, is at the Grand Hotel. S. Perry Mills left for Kamloops this morning on professional business. Dr. M. J. Redfern is on the steamer Elder for this city from San Francisco. Hon. J. H. Turner returned from Portland and the Sound yesterday morning. E. Stanger, inspector of the Bank of British North America, arrived last night from the East. Colonel Baker, M.P.P. for Kootenay, who has been spending some time in Ottawa, left for England on Thursday and will return to Victoria in December with Lady Baker and their youngest son.

Kootenay Mission.—Father Cocchi will relieve at the Kootenay Mission, Father Pouzet, who has labored for many years on the wide Kootenay district, and has lately been appointed to an important position in the Westminster College.

Table Tennis League in the basement of the Westholme Hotel. I'll give you the winner of the men's singles event right now, and that's Ray Pearson, of Seattle.—J.D.

Power of the Press

The proverbial power of the press was demonstrated in a somewhat unusual manner the other evening. It was a wet night, and when a provincial organization was about to hold its annual meeting in the city, it was found that there was no quorum for the election of officers. It looked as if everybody would have to paddle home again in the wet without having achieved anything, until one bright member counted heads and discovered that if the interested non-members and the two press representatives were enrolled, the exact number required would be reached. Enrolment forms were promptly produced and signed, the executive adjourned for about ten seconds to pass upon the qualifications for membership, and the reporters were informed that they had not been black-balled. Need it be added that the organization was one in which no fees are attached to membership?—R.M.

Cage Gossip

Wednesday's cage battle between the St. Louis College Alumni and Kingham-Gillespie was certainly a thriller. The boys made it interesting all of the way, and when the regulation time ended with the score standing 20-20 it was a good indication of the play. . . . Good-looking Bill Brodigan was the youngster who gave the thriller the story book complex when he scored the deciding point ten seconds before the whistle. Boy, was that close? . . . St. Louis College Alumni players really looked smart in their new uniforms. . . . Kingham-Gillespie, minus a number of their last season's players, trotted out some promising youngsters and before the season is much older will certainly be heard from. Coach Harold McLean, who really knows something about the hoop game, can be relied upon to teach the boys some smart basketball. . . . Albert "Red" Martin and Ollie Goldsmith, former members of the Victoria Dominos, are playing with the Hoyle-Brown quintette this season, while Ken Noakes, another ex-Dominos, and Bill Wallis, an ex-member of the Blue Ribbons, are playing with the Liberty Cafe squad.

Letters to the Editor

No letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception. No letter should exceed 500 words in length.

CHRISTIAN DEFINITIONS

Sir,—In your issue of October 23 Mr. D. S. Morrison states that he is not altogether satisfied with my definition of a Christian as "a disciple of Jesus." I wish he would give me a better one.

Turning to Webster's Dictionary, I find that "Christ" means "the Anointed, an appellation given to Jesus, the Saviour. It is synonymous with the Hebrew Messiah."

Webster defines the word "Messiah" as "the expected King and Deliverer of the Hebrews; the Saviour, Christ."

In John IV, 25 a Samaritan woman says, "I know that Messiah cometh, which is called Christ: When He is come, He will tell us all things."

The Hebrews ceremonially anointed their high priests and their kings. One of Webster's definitions of anoint is "to pour oil upon, as a sacred rite, especially for consecration. . . . The Lord's Anointed, Christ or the Messiah; also, a Jewish or other king by 'divine right.'"

It would seem from this that the real implication of this title "The Anointed" is that of being specially appointed by God to his high office. The actual ceremony of anointing with oil was merely a human recognition of the divine choice.

We cannot say what actual word Peter used in his confession, "Thou art the Christ, the Son of the living God," because Peter was probably talking in Aramaic, which is supposed to have been the language of the common people of Palestine in those days.

According to modern scholars the earliest of the Gospels, St. Mark's, was not written before A.D. 65; some twenty-five years after the name of "Christian" had been bestowed upon the disciples by the Greeks. "Antioch." The Gospels were originally written in Greek, so the word "Christ" was naturally used in place of the Hebrew word "Messiah."

It does not seem reasonable to suppose that the use of the word "Christ" instead of "Messiah" had anything to do with the spiritual degeneracy of the organized church.

The Jewish religion had become in Jesus' time hopelessly stereotyped. Moses taught them the golden rule, Lev. xix, 18; but they narrowly restricted the meaning of the word "neighbor" to those of their fellow countrymen who lived close by. They hotly rejected the idea that the hated Samaritans were their neighbors. What so-called Christian nation keeps the golden rule today?

Does Canada love the Orientals? Does America love the Negro? Does Germany love the Jews? Does Italy love the Russians? Is English foreign policy governed by brotherly love or is it governed by its own financial interests? If we are ever going to abolish war, we must give more than lip service to the Prince of Peace.

Jesus was sent to establish the Kingdom of God, which is the Kingdom of Love, upon earth. Love is the only omnipotent force; the only power that can draw all men into the Kingdom of God.

To me "Christ" means not only

lish his high-mindedness if he told the truth. An examination of the new programme of studies for this province, particularly an examination of the library lists, will show it replete with books of a patriotic character. The suggestion that Dr. Weir either would interfere to see that such books were not permitted to be read by British Columbia children, or that he would wish to do this, is a malicious untruth. Dr. Weir is a Canadian, born in this country, and the committees of teachers who engaged in the revision of the curriculum were almost wholly Canadians, the remainder being British-born. They need no lesson in patriotism.

SEEKS LOWER WATER CHARGE

Oak Bay Council Asks City To Renew Agreement at Lesser Rate

Oak Bay Council's water agreement with the City Council expires on December 31. Reeve R. R. Taylor informed the council at its meeting in the Municipal Hall last night. The council resolved to write to the city requesting a renewal of the agreement for a term of five years, and suggesting that a meeting should be held of the two bodies to enable Oak Bay to negotiate for a lower charge.

A statement was tabled showing the consumption of water by Oak Bay since 1918. In that year the amount purchased from the city was 75,631,750 gallons, as compared with 207,514,259 in 1936, and an estimated consumption of 217,400,000 for the current year.

Reeve Taylor commented on the fact that the amount of water purchased annually had been almost trebled since 1918, and doubled since 1922.

INTERROGATIONS START IN HOUSE

Motions, Calls for Returns, and Questions Are Placed on Order Paper

Motions, calls for returns, and questions reached the order paper in the Provincial Legislature yesterday in a burst of activity by members of the C.C.F. opposition. Original notices of motion dealing with the Provincial Elections Act, old age pensions and a want-of-confidence move for alleged failure on the part of the Government to introduce health insurance were placed on the order paper for Monday.

The Treasury is being asked what sums, if any, were raised under authority of the B.C. Loan Act, 1936, and if so how such sums were disposed, what securities, if any, were issued under the Fraser River Bridge Act of 1935, and details of such issues.

Thomas Uphill (Labor, Fernie), is questioning the Minister of Labor as to transfers of men from his riding in 1936 and 1937, if any; and the Minister of Public Works as to what men were employed on the Wild Horse Road near Fort Steele this year.

Under consideration by Mr. Speaker was a request by Dr. Lyle

STUDY CLUBS ARE PRAISED

Catholic Women's League Addressed by President At Final Session

With the magnificent results of the system of study clubs inaugurated by the St. Francis Xavier University in Antigonish, Nova Scotia, in mind, every effort should be made to encourage organization of study clubs here, Mrs. W. H. Munzie, president of the Diocesan division of the Catholic Women's League, intimated in her annual report read at the final session of the C.W.L. convention last evening at Our Lady Queen of Peace Church, Esquimalt.

The closing session immediately followed a service of Benediction conducted by Rev. Father Anselm Wood and Rev. Father L. McLellan, Nanaimo. The former at the general meeting gave a short talk on Day Retreats, being director of this department; Father McLellan spoke on Christian Doctrine, and Rev. Father Latour, Duncan, gave a short discourse on Study Clubs.

Subdivisional reports were given by Mrs. M. E. O'Neill, Victoria; Mrs. M. Gillespie, for Esquimalt; Mrs. Rose McKenna, for Oak Bay; Mrs. McDonnell, for Ladysmith; Miss Nora O'Donnell, for the Junior Sub-division; and Mary Morry for the Third Victoria West Catholic Girl Guides. Nanaimo, but recently organized, made no statement, but Mrs. Samuels read a good summary of the Cobble Hill and Shawnigan group activities for the year.

EFFORTS FORWARDED

Appreciation of devoted service from all departments of the diocesan work and of the splendid co-operation of the several subdivisions was

expressed by Mrs. Munzie. These had all helped to forward efforts along the lines of Catholic action sponsored by the Catholic Women's League. The vital need of the whole organization was membership, and to this end the national convener, it was stated, had asked whole-hearted co-operation of each district and subdivision. One of the new committees that needed more encouragement was Lay Retreats. With Miss Madeline Clay as convener, the diocesan subdivision had held its first retreat last August at St. Ann's Convent, under Father Wood's direction.

The study clubs also needed encouragement. It was in this connection that Mrs. Munzie spoke of the happy results of study club organization in Antigonish. J. E. O'Meara, writing of this, had said that in Eastern Nova Scotia, where there was a record of adult study that had evoked the praise and admiration of prominent educationists the world over, one also found co-operatives at their best. Here about 900 study clubs existed. In the national report it had been shown also that the only place where Catholic publications seemed to be receiving good support was in the Antigonish diocese.

PAPAL DECORATION
Last evening's meeting, before adjournment, passed a resolution of congratulation to Miss McMaster, Vancouver, on having received the papal decoration for her splendid services to the Catholic Women's League.

Regret was expressed that Bishop Cody had not been able to attend the meeting, still being absent in the East. The treasurer's report, read by Miss Clay, was satisfactory. The meeting endorsed a suggestion that the annual convention hereafter should be held in September instead of October.

Bella: "Your Mr. Robinson is good-looking, but I don't care for his ways."
Phyllis: "Never mind his ways, my dear—think of his means."

NEW COMPANIES IN B.C. LISTED

Ten Firms Granted Certificates of Incorporation to Operate in Province

The following companies have been given certificates of incorporation under the "Companies Act" and are contained in the current issue of the British Columbia Gazette: Alcock & Son Limited, Vancouver, \$10,000; Crystal Creameries, Cranbrook, 100 shares of no par value; Woodstock Investments Limited, Vancouver, \$30,000; Kingsmere Limited, Vancouver, 1,000 shares of no par value; Northern Tie & Timber Company, Vancouver, \$10,000; Gilchrist Engineering Company, Limited, Vancouver, \$20,000; Central Zehalios Gold Mining (Non-Compensated Cripple) Men's Association; Wells Mining Corporation, Vancouver, \$100,000, and Oak Bay Hotel Company, Limited, Victoria, \$10,000.

London Fur Sales (Canada), Limited, Lower Nicola, an extra-Provincial company with head office at Toronto.

The following are incorporated under the "Societies Act": Victoria Grand Opera Association, Victoria; Non-Compensated Cripple Men's Association; Mutual Financial Aid Society, and Saanich Bulb Growers' Association, Saanich.

BALTIMORE, Md. (P.)—A negro woman came before Judge Rowland K. Adams on a larceny charge, pleaded "guilty" and then insisted she had stolen nothing. "Do you know what 'guilty' means?" the judge asked. "It means I didn't do it," the defendant replied. The jury acquitted her.

MOTORIST IS FINED IN SAANICH COURT

Warren Humphrey, charged with driving to the common danger at the intersection of Douglas Street and Talmie Avenue, injuring a young woman, who is still in hospital, was fined \$50 in the Saanich Police Court yesterday.

The accused admitted that he had lost control of his automobile when he found that he had to

make a quick move to pass between a street car and a telephone pole. His excuse was that he did not know the locality very well. After hearing the evidence called by the police, Magistrate H. C. Hall said that he found that the accused had driven at a high rate of speed at a place which he should have known was a dangerous one.

IT'S A GIFT

STOP AND GO WEARS YOUR ENGINE—STEALS ITS POWER
—UNLESS YOUR OIL IS ESPECIALLY MADE FOR IT!

IN "STOP AND GO" YOU START YOUR ENGINE 10 TIMES A DAY

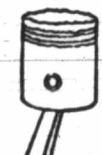

ONLY ONE START CAN CAUSE AS MUCH WEAR AS A 50-MILE NON-STOP TRIP

BUT IN TODAY'S STOP AND GO DRIVING... YOUR ENGINE ALSO REACHES HIGH TEMPERATURES

HENCE, YOUR OIL MUST BE TOUGH-BODIED—NOT BREAK DOWN INTO POWER-STEALING SLUDGE AND CARBON

BOTH CAUSE WEAR AND SLUGGISH PERFORMANCE

EVERY TIME YOU START, OVER 100 ENGINE PARTS RUB "DRY" OF LUBRICATION

UNLESS YOUR OIL IS FAST-FLOWING—REACHES EACH ENGINE PART THE INSTANT YOU START

Shell Research Produces New-type Motor Oil for Stop-and-Go Driving

A REVOLUTIONARY FINDING! "Reduce starting wear," said auto engineers, "and you'll reduce the source of up to 75% of today's engine wear." And so, after long, costly research, Shell engineers produced this new-type motor oil—Golden Shell.

FAST-FLOWING—Golden Shell puts a wear-reducing oil film between each part in your engine the instant you start.

TOUGH-BODIED—Golden Shell withstands the high temperatures of steady running—does not break down into sludge and carbon.

You can't buy safer lubrication! Don't delay! Protect your engine with the oil made especially for stop-and-go driving. There is a Shell dealer in your neighborhood.

Resolution Passed at Conference

Mrs. D. B. F. Bullen, president of the Langford Women's Institute, in giving her report of the recent Vancouver Island district conference, at a meeting of the Langford Institute held on Tuesday, stated that the following resolution, sponsored by the local institute, was endorsed by the conference:

"Whereas, level crossings throughout the country constitute a constant menace to traffic, we urgently recommend that steps be taken to eliminate such crossings and that level crossings be protected by gates or indicated by lights or signs placed at adequate distances and positions from such crossings, in order that sufficient warning be given of their existence."

REPORT OF BOARD

During the meeting the report of the Provincial board was read, in which it was stated that an attempt is being made to establish a chair of home economics at the University of British Columbia.

A letter from the Victoria Automobile Association was read. This

offered two lettered posts to be placed on the highway to define definitely the boundaries of Langford. Mrs. Bullen agreed to arrange for the transportation and placing of the posts.

Plans were made for the annual Halloween party to be held on Saturday evening and a gift from the P.T.A. to help with the expenses of the party was gratefully received. Mrs. P. Smith and Mrs. Simpson will convene the refreshments for a supper to be served about 5 o'clock. Mr. Douglas Flin-toff will show motion pictures at 7 o'clock.

The convenor of public health reported that Dr. Newby held his first child clinic in the district on Thursday afternoon, October 21, at the Institute Hall.

Mrs. Ritchie conducted a darning competition, Mrs. P. Smith receiving the award for being the best darning. Mrs. H. A. Hincks and Miss Savory served tea on tables decorated with chrysanthemums.

CAMERA CLUB BANQUET

The time of the Y.M.C.A. Camera Club's fourth annual banquet is 6:45 o'clock tonight, instead of 6:15 o'clock as reported yesterday. Plans are now complete and a chicken dinner has been arranged. Following the banquet, a musical programme will be given.

Her Chapter Holding Dance

MRS. PETER BELL

Regent of the Major John Hebbden Gillespie Chapter, I.O.D.E., under whose auspices a Halloween tony-turvy cabaret, "The Witches' Brawl," will be held tonight at the Empress Hotel. The affair is being given in aid of the chapter's fund for work in connection with the rehabilitation of the T.B. out-patients at the Jubilee Hospital.

W.A. Holds Halloween Guest Tea

A successful Halloween guest tea in aid of the W.A. of the Victoria City Temple was held on Wednesday afternoon in the social hall, which was decorated with Halloween colors and novelties by Mrs. A. L. Oakley, Mrs. N. Goodwin and Mrs. Snider. The guests were wel-

comed by the president, Mrs. R. E. Snider. Tea was served from five long tables which were gay with Halloween decorations, witches, pumpkins, black cats and ghosts predominating.

The following ladies acted as hostesses: At the Owls' table, Mrs. G. A. A. Hebbden and Mrs. W. Williams; the pumpkin table, Mrs. A. L. Oakley and Mrs. Moore; the ghost table, Mrs. T. Hammond, Mrs. J. McGuire and Mrs. A. Paters; the black cats' table, Mrs. G. Holt, Mrs. Lewis and Mrs. P. Findlay, and at the witches' table, Mrs. N. Phillips and Mrs. S. Brown.

During the afternoon the guests were entertained with piano solos by Mrs. F. Hole; vocal solos by Mrs. Dawson and Miss Kay Clarke, and readings by Mrs. Dearborne and little Barbara Oakley. Mrs. Grace Deaville acted as accompanist for the soloists.

Weddings

HOLLAND-HARLE

A quiet wedding took place in St. Mary's Church, Oak Bay, at 11:30 a.m. yesterday when Venerable Archdeacon Nunns officiated at the marriage of Elsie, second daughter of Mr. Septimus Harle, Cummings, Alta., and the late Mrs. Harle, and Mr. Bernard Douglas Holland, youngest son of Mr. and Mrs. F. B. Holland, 1284 Monterey Avenue. The wedding marches were played by Mr. F. T. C. Wickett.

Owing to the unavoidable absence of her father, the bride was given in marriage by her uncle, Mr. O. Harle, and she wore a frock of rust wool-crepe, the sleeves and bodice being studded with amber brilliants and the V-neck was finished with an amber brooch. She wore a matching velvet hat and brown accessories and carried a bouquet of chrysanthemums in two shades of bronze. Miss Violet Gandy, the bridesmaid, wore a mahogany crepe frock with black accessories and wore a corsage bouquet of white carnations. The wedding cake centred the table for the wedding breakfast and pale pink dahlias and white chrysanthemums were the flowers used in the decorations. Mr. and Mrs. Holland left later for a honeymoon on the Mainland, and after a few days will take up residence in New Westminster. For traveling, the bride donned a brown fur coat over her wedding outfit. Mrs. Laque Smith, Newcastle, a very old family friend, was a guest at the wedding.

P.T.A. Activities

GORDON HEAD

The Gordon Head P.T.A. will hold a fancy dress Halloween party at the Community Hall tomorrow, from 4 to 8 p.m. Prizes will be given for best costumes, and all pupils and ex-pupils of the school are invited to attend. The association is also sponsoring the showing of moving pictures by the Fraser Valley Milk Producers' Association on Monday at 7:45 p.m. in the same place. Pictures of the Coronation and of the attempted ascent of Mount Everest will be shown as well as several other features.

I.O.D.E. to Be Present At Service

Members of Municipal Chapter I.O.D.E. were asked at yesterday's meeting of the chapter to attend the annual service of Remembrance at the War Memorial at 11 o'clock on Remembrance Day, November 11. Chapters were asked by the Remembrance Day committee to assist in selling poppies on November 6, and those willing to do so were asked to communicate with Mrs. William Ellis, the convenor.

Ten chapters responded to the roll call. Mrs. William Ellis presided and at the beginning of the meeting the members stood in silent tribute to the memory of the late Hon. Dr. S. F. Tolmie.

Mrs. Ellis reported having presented flowers to Mrs. F. D. Roosevelt during the recent visit of the President of the United States and his wife, to Victoria.

As a contribution to Peace Week, Mrs. Alan Campbell will address the members of the order on the subject of the recent "Pan-Pacific Conference" on November 11 at 8 p.m. at headquarters.

COMMITTEE REPORTS

Mrs. Weston read the treasurers' report. Mrs. F. F. Beckett reported the progress of several students. Mrs. J. T. Jones, reporting on Echoes, asked that quarterly reports be in by November 1. Mrs. C. W. Plumb, in her report of soldiers' graves, spoke of the heavy expense of keeping up and repairing graves. Mrs. Mellor read the Child Welfare report, donations of layettes having been gratefully received. Mrs. Mellor was congratulated upon her splendid work in connection with Child Welfare. Mrs. R. Shanks gave the Work in India report and asked for a donation for the Susie Sorabji Memorial School at Poona, India.

The Girl Guides' report was read by Mrs. Bob Shanks, who requested that each primary chapter representative send a report to her. Mrs. H. Bray spoke of greetings and flowers having been sent to several distinguished visitors to the city. Mrs. Alan Campbell read the League of Nations' committee report and reminded the members of Peace Week, November 7 to 14. Mrs. Ernest Eve had arranged transportation to the semi-annual Provincial meeting in Duncan. Mrs. Cunningham appealed for donations for the Endowment Fund.

It was decided to hold the next meeting at 7:30 p.m. on November 25, at headquarters.

Clubs-Societies

St. Columba's W.A.

There was a large attendance at the monthly meeting of St. Columba's W.A. on Tuesday afternoon in the Colquhoun Hall. The devotional half hour was opened with the Litany and prayer by the president, followed by the Scripture lesson by Mrs. Boydell. A helpful address on "Forgiveness" was given by Mrs. E. Rogers. A satisfactory report on the recent Harvest supper was offered and the Dorcas secretary reported that Christmas gifts are being received for the Columbia Coast Mission. As funds are lower this year, another special effort will be made to help the church by a jubilee silver tea and sale of home cooking to be held on Tuesday, November 16, from 3 to 5:30 p.m. in the Strawberry Vale Hall, and the support of parishioners and friends is earnestly solicited. Mrs. F. Stacey will convene the tea and Mrs. Deane-Cox the home cooking stall, on that occasion. Rev. Canon Wickens was the guest speaker and impressed upon the members their need of "learning, praying and working for the church at home and in foreign fields." On behalf of the branch, Mrs. Mayfield thanked the speaker. Refreshments were served by Mrs. Rogers and Mrs. L. Burrow. The next meeting will be held on November 23 at the home of Mrs. Foster, Wellington Road.

tended the special service at First Baptist Church on Sunday evening.

On Monday evening members of Nanaimo Chapter No. 197, who were guests at supper in the K. of P. Hall, the men's units being represented by Mr. S. Hunt, dictator of 1390; Mr. W. Kettle, past dictator of the Legion, and Mr. F. Humphries, governor of the Junior Legion. Mrs. M. Carter proposed the toast to the King and welcomed the guests. Mr. Kettle spoke on the subject of Mooseheart and other short addresses were given by the past regents, Mrs. A. Hatcher, Mr. Humphries and Mr. Hunt. Several Nanaimo officers spoke, thanking the Victoria members for their hospitality, and Junior Regent Mrs. M. Wilson presented Mrs. Carter with a gift. Mrs. Hatcher and her committee were in charge of the affair, and after supper a card party and dance brought the evening to a close. The winners were Mrs. R. Panting, Miss Davis, Mrs. Wetherall, Mrs. Larman, Mrs. Dawes and Mrs. Clarkson. Prizes for dancing were won by Mrs. Tippett and Mr. E. Batch.

Belmont United L.A.

The monthly meeting of the Ladies' Aid of Belmont United Church was held at the home of Mrs. R. P. Knott, 1250 Balmoral Road, on Tuesday afternoon. Mrs. Knight and Mrs. Calderhead were appointed sick visitors for November. Final arrangements were made for the annual bazaar to be held on December 1 from 3 to 6 o'clock.

Will Renew Efforts To Have Educational Privileges Restored

Catholic Women Maintain Payment of Taxes Should Give Their Children Right to Attend Special Classes of the Public Schools

USING the argument that Catholics, like the rest of the public, contribute to school taxes in British Columbia, and that their children, whether attending Catholic schools or not should be given the right to attend manual training and domestic science classes in the public schools, the Victoria (Vancouver Island) Division of the Catholic Women's League of Canada, in annual convention here yesterday, decided to press for the formation of a provincial committee to present the case once again to the Department of Education.

The convention met at Our Lady Queen of Peace Church, Esquimalt, the president, Mrs. W. H. Munroe, Shawigan Lake, in the chair, and official delegates present from Nanaimo, Cobble Hill and Shawigan, Ladysmith and Alberni subdivisions in attendance, as well as from the local subdivisions. Reports of the president, secretary, treasurer and convener of standing committees occupied the major part of the time of the two sessions, afternoon and evening. Elections, with the exception of one office, went by acclamation, resulting as follows:

President, Mrs. W. H. Munroe; first vice-president, Miss K. MacKay; second vice-president, Mrs. William McManus; third vice-president, Miss Lenora Fletcher; secretary, Miss Rose McKenna; treasurer, Miss Madeline Clay. Councilors are the presidents of the various subdivisions.

THE RESOLUTION

The resolution concerning attendance of Catholic children at public schools was framed by the society in convention two years ago, but as no action had been forthcoming, the matter came before the meeting again yesterday, the original resolution, reading as follows, being endorsed:

"Whereas the privilege formerly accorded to students of Catholic schools to attend manual training and domestic science classes as conducted by the Department of Education has been withdrawn, and whereas this privilege is claimed on the ground of our contribution to school taxes, be it resolved that the Catholic Women's League in Diocesan convention at Victoria strongly recommend to the Minister of Education that the students of

Catholic schools may again be eligible to attend these classes."

The Victoria division decided to take steps for the formation of a provincial committee that will include representatives of every diocese in the province. The idea is to make the move Dominion-wide, and through the national organization of the Catholic Women's League of Canada bring the matter to the attention of the Government. Rev. Father Anselm Wood, Mrs. Munroe, Mrs. Blair Reid and others contributed to the discussion.

REPORTS READ

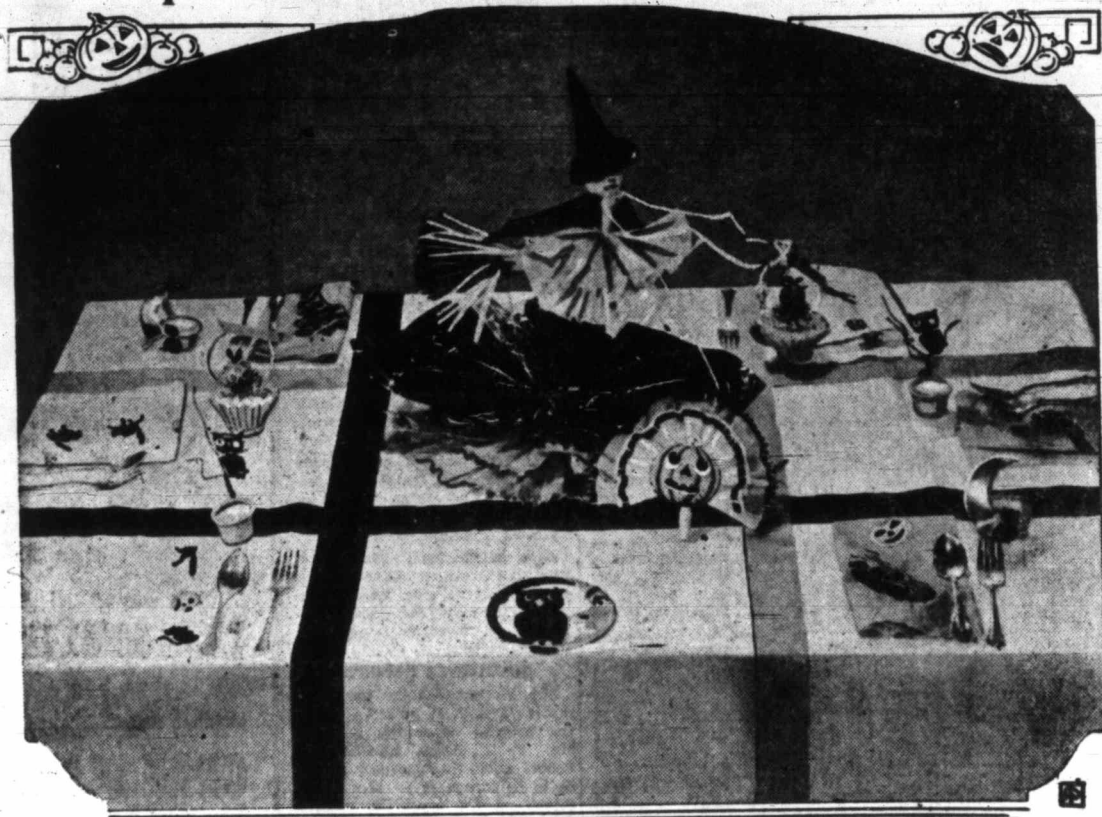

During September, all subdivisions of the C.W.L. in the Victoria Diocese were visited by the chaplain, Rev. Father Wood; the president, Mrs. Munroe, and herself, Mrs. William McManus reported in her annual statement as convener of organization. The foundation of the league was the district subdivision, and one of the duties of an organizer was to visit each subdivision once a year to encourage, stimulate and advise where necessary, and, where advisable, to organize new groups.

The most recently organized subdivision was at Nanaimo, with about forty members. With a good executive their future was promising. Other groups visited were at Port Alberni, Ladysmith, Shawigan, Cobble Hill, Victoria, Esquimalt, Oak Bay, and Victoria Juniors. Special thanks were expressed to Father Wood for his encouragement, support and enthusiasm.

CHILD EDUCATION

Child education had been the chief concern of Victoria Diocesan subdivision. Mrs. Ebbs Canavan stated in her report on education and scholarship. St. Ann's Academy

Centrepiece and Favors Make Table Attractive

A Charming Witch Riding Her Broomstick Is a New Centrepiece for the Halloween Table, While Candy or Nut Cups, Napkins and Other Decorations Show the Latest Trends for 1937, and Are Made of Orange and Black Paper.

By LILIAN CAMPBELL

If you are planning a party this Halloween, you will find that there are many new favors and decorations for your table and for trimming the house.

I saw some grand skeletons, as I trotted about the stores, that would give a guest a start if it should happen to touch him as he was passing a dark and gloomy corner of some room. Black cats, bats and owls, too, never seemed larger or more ferocious in cut-out form, to dress up the rooms for a festivity.

I chose the centerpiece you see here because it is a new kind of

witch, with a pretty face. The whole thing is made of crepe paper, wire and sticks, with the witch's face painted on the paper. The nut or candy cups looked 1937 to me, too, and I've varied the paper napkins. The strips of paper that are used on the table are, of course, orange and black. There are many pretty place and tally cards, and, of course, candies in the proper colors.

NO EXPENSE NEEDED

No need to go to much expense, however, in trimming your home and table, especially if you have a pair of handy hands that can make

things. There never is any more delightful centerpiece than a real old pumpkin jack-o'-lantern, and never will be. You can take balls of cotton batting and make artificial pumpkins, too, even painting little faces on them. It really is more fun making your halloween favors yourself if you have the time and inclination. Then you can make round sofa pillows into cats, pumpkins or ghosts by pinning on features cut from cardboard.

I've been toying with the idea of a ghost party. It seems to me that a crowd could have an awfully good

time if they went to a party dressed as ghosts of famous people, and, as a stunt, each one told about their lives and how they died, and maybe their favorite haunting places. Think that one over.

TELL FORTUNES, OF COURSE

Fortune telling, reading or telling of ghost stories while the room is made dark, hobbling for apples, the arrangement of cold and clammy hands to take hold of the guests or to shake hands with them—there are many such tricks that are old, but just as effective to produce chills and also much fun as when they were new.

Social and Personal

Tea at Government House

His Honor the Lieutenant-Governor and Mrs. E. W. Hamber entertained a few friends at tea yesterday afternoon to meet Lady Gould-Adams, London, England, and her son, Mr. R. Gould-Adams, who are spending a few days here.

Party for Bride-to-Be

Miss Edna Ashton, whose marriage will take place in November, was the guest of honor when Mrs. H. Paver and Mrs. J. Stephenson gave a miscellaneous shower on Monday evening at Mrs. Stephenson's home on Burton Avenue. Mrs. Paver presented the guest of honor with a corsage bouquet and Mrs. A. Maysmith played the Wedding March. The gifts were concealed in a pink and mauve model ship, and Miss Kay Hill assisted the bride-to-be in opening them. Pink and mauve chrysanthemums were used in decoration of the rooms and the supper table. Contests and games were won by Mrs. E. Carter and Mrs. W. Ashton. The invited guests were: Mrs. W. Ashton, Mrs. W. Cobbett, Mrs. A. Miller, Mrs. A. Gough, Mrs. A. Maysmith, Mrs. F. Rawnsley, Mrs. P. Leach, Mrs. E. Carter, Mrs. J. Browning, Mrs. E. Gough, Mrs. G. Strawford, Mrs. W. Cave, Mrs. P. Gilbert, Mrs. A. Cook, Mrs. C. Brooks, Mrs. A. Tudor, Mrs. H. Lane, Mrs. E. Rogers, Mrs. J. Garner, Mrs. J. Baron, Mrs. B. Gough, Mrs. J. Heady, Mrs. E. Paver, Mrs. J. Eastick, Mrs. K. Rawnsley, and the Misses Ida Truant, Kay Hill, Ella Baron and Dorothy Brooks.

Party for Bride-to-Be

Miss K. Elston and Miss S. Underwood entertained on Wednesday afternoon at Miss Elston's home, London Street, at a miscellaneous shower in honor of Miss B. Carlos, a November bride-to-be. Little Shirley Woodward presented the guest of honor with a corsage bouquet of pink roses and the gifts which were concealed in a pink and white decorated barrel. Tea was served from a table covered with a lace cloth, centred by a miniature bride, cream tapers and vases of pink roses. Mrs. J. Easton and Mrs. E. Charlton poured tea and coffee and assisted the hostesses were Miss B. Bryce and Miss D. Thomas. The guests were Mesdames J. Easton, E. P. Charlton, C. Mee, F. Elston, P. G. Elston, E. Clarke, Chambers, V. Simmons, E. Green, G. Bonavia, F. Archer and Misses D. Stocken, W. Jenkinson, I. McKenzie, G. Wood, E. Amyes, D. Thomas, N. Maryin, O. Jordan, A. Balmave, A. Smith, L. Elston, C. Saddler, M. Smith, E. Elston, M. Ralls, D. Hearn, N. Amyes, F. Bell, J. McGillivray, B. Colbert, E. Simmons and B. Boyce.

Gift Presented

Mrs. Jack Cook, the former Miss Helen Jenkin, was complimented on Wednesday afternoon when her associates in the taxation department of the Parliament Buildings met in Terry's tearoom. The tea table was prettily arranged with gay Halloween cloth, centred by several small vases of bronze and rust-colored chrysanthemums and lighted by orange candles in black holders.

Miss Chow made a presentation of

a silver cream and sugar on a silver tray to the guest of honor, and expressed the best wishes of the girls in the department and their regrets in losing a good fellow-worker. Mrs. Cook made a suitable response. Those present were Misses Connie Chow, Betsy Armstrong, Florence Murkar, Peggy Wharton, Olive Maclean, Kay Gillis, John Chipper, Kay Berry, Marjorie Todd, Kay Davey, Vic Sangster, Rhoda Goward, Marie Costello, May Waugh, Alberta White, Alice George, Edna McKenzie, Kay Dunnett, Irene White, Moya Bailey, Jessie Grant and Mrs. A. Finlayson.

Kinsmen Club Dinner

A delightful dinner dance was held at the Oakbay Beach Hotel last evening by the Kinsmen Club, sixty members with their wives and friends attending. Dinner was served in the main dining-room, where the tables were beautifully arranged with great baskets of fruit, lighted Jack 'o' lanterns and black cats to carry out the Halloween motif. Yellow tapers glowed in silver candlesticks. Mr. P. J. Mulcahy was the chairman, and Mr. George Patti proposed the toast to the ladies. Mrs. P. J. Mulcahy replying. A three-piece orchestra was in attendance, dancing being enjoyed after dinner in the private dining-room. By way of entertainment, Mr. Dave Meredith gave a number of clever monologues in Lancashire dialect. Messrs J. E. Sanders and Archie Smith were in charge of the arrangements for the evening's entertainment.

Here for Convention

Up-Island delegates in the city yesterday to attend the annual convention of the Victoria Diocesan Division of the Catholic Women of Canada included Mrs. J. P. E. Partington, Miss Symonds, Mrs. T. P. Morton and Mrs. A. O. Moore, Nanaimo; and Mrs. A. Kingsley, Mrs. P. A. O. Leas, Mrs. Samuels and Mrs. McKeown, Cobble Hill and Shawigan Lake district. With local subdivisional representatives they were the guests at supper last evening in the Esquimalt subdivisional ladies in the social hall annex at Our Lady Queen of Peace Church. Miss Madeline Clay, on behalf of all the visitors, expressing appreciation of the parish hospitality.

Bridge and Dance

The Knights of Columbus entertained last night in the K. of C. Hall at the first of a series of monthly bridge and dance parties. There were fifteen tables of auction and contract bridge in progress and dancing was enjoyed until 1 o'clock this morning. A four-piece orchestra played the music for dancing and adding to the fun of the evening was the distribution of novelties and serpentine. A buffet supper was served under the direction of Mrs. Kyle, and Mrs. F. X. O'Neill supervised the bridge. Mr. G. E. MacDonald was chairman of the committee in charge of arrangements.

Wedding Tomorrow

Her Victoria friends will be interested to hear that the marriage of Miss Helen Margaret Smith, elder

daughter of Mr. and Mrs. Owen Smith, Beach Drive, Oak Bay, and Lieut. Alan Evelyn Hargrave, R.N., son of the late Mr. L. H. Hargrave and Mrs. Hargrave, St. Leonard's, Sussex, will take place tomorrow in Great Missenden, Bucks, England. After the service, a reception will be held at the home of the groom's brother and sister-in-law, Mr. and Mrs. Gordon Hargrave, "Greenlands Farm," Prestwood, Great Missenden. The bride will be attended by Miss Kathleen Swaney, Victoria.

At the Empress Hotel

Among the many guests at the Empress Hotel are: Mr. and Mrs. H. Collett and daughter, Santa Barbara; Mr. and Mrs. A. I. Bennett, Pittsburgh; Mrs. Charles Hayter, Seattle; Mrs. L. E. Evans and Mrs. J. C. Johnson, Oaklands; Mr. and Mrs. J. J. Conway, Mr. and Mrs. Elmore Meredith, Mrs. E. Riopel, Mrs. H. Eastman, all of Vancouver, and Mr. and Mrs. Ross Pendleton, Port Alberni.

Luncheon Party Given

Mrs. Lennox Irving entertained at a luncheon party yesterday at her home on Foul Bay Road in honor of Mrs. H. Weldon, Mexico City, and Mrs. Mayne D. Hamilton, Mrs. H. S. Wood and Mrs. Arthur Nation, Vancouver. The other guests were Miss Sara Spencer, Mrs. M. L. Curtis, Mrs. J. W. Benning, Mrs. A. K. Mitchell, Miss Gladys Irving, Mrs. R. H. B. Ker and Mrs. B. R. Ker.

Hostess at Tea

Miss Anne Bapty entertained a few friends yesterday afternoon at tea at the home of her parents, Dr. and Mrs. Walter Bapty, Pemberton Road, in honor of her guest, Miss Joan Leckie, Vancouver. Mrs. Jack Child and Miss Audrey Homer Dixon poured tea at a table attractively arranged with a bowl of mixed chrysanthemums.

En Route South

Mr. and Mrs. Henry Lincoln, San Francisco, who have been holidaying on the Island for the past three months, left on Wednesday for the Mainland, en route home by motor. Recently Mr. and Mrs. Lincoln were visitors in the city for three weeks and stayed at the Empress Hotel.

Back in Ottawa

Mr. and Mrs. N. E. McConnell have returned to Ottawa after spending a holiday here with Mrs. McConnell's parents, Mr. and Mrs. D. S. Tait, 1228 Roslyn Road. During the last three weeks of their holiday, they took a trip up the West Coast of the Island.

Arriving Today

Miss Catherine Marshall is arriving today from Vancouver to spend a few days with Mr. and Mrs. W. A. Smith, Vancouver Street. Miss Marshall will be an attendant at Miss Gladys Smith's wedding to Mr. W. O. Norris, which will take place tomorrow.

Have Guest

Mr. and Mrs. James Strang, Hampshire Road, have as their guest for a few days Mrs. L. Smith, Nanaimo, who came down to attend the Holland-Harle nuptials yesterday. Mrs. Smith will return home tomorrow.

On Way Home

Mrs. H. Hodgson, Long Beach, California, is visiting in Victoria on her way home from the Coronation in London, and is staying with Mr. and Mrs. Knapton, Quadra Street. Mrs. Hodgson will leave on Sunday for her home.

From Vancouver

Among the Vancouver people who registered at the Empress Hotel yesterday were: Mr. and Mrs. E. Meredith, Miss A. E. McDonald and Mr. and Mrs. W. Hanbury.

STUDY CLUBS

Miss Madeline Clay, convener of study clubs, said a questionnaire of the national convener revealed that very few such groups were functioning under the C.W.L. in this diocese, but groups were being organized at Port Alberni and Ladysmith, and the Victoria Juniors had sponsored a study course last winter with a membership of about twenty. Father Wood had given a series of talks on "Catholic Philosophy." Study clubs would soon be operating in the cathedral parish. The Victoria Senior Subdivision had a remailing committee, which was endeavoring to circulate Catholic reading matter.

In the absence of Mrs. Goward, Miss Clay read the report of the lay retreats committee.

Miss Harriett O'Brien's social service report covered the activities of this branch ably. Much interest had been taken in blind cases, one result being that a blind man had been enabled to open a stand for magazines at St. Joseph's Hospital.

The depression had made big demands on the St. Vincent de Paul Society and many families in direct relief had had to be helped with rent, food, fuel and transportation. Street car passes had been furnished to many children to enable them to attend Catholic schools.

An allowance of \$15 per month had been granted from the direct relief committee to enable an old man to find a home with country

ST. PAUL'S
The weekly meeting of St. Paul's A.Y.P.A. was held on Wednesday in the Parish Hall. After a short business meeting, a discussion group was conducted, the topic being "Why Go to Church?" and proved of great interest to all present. Final arrangements were made for the annual Hallowe'en dance tonight.

Hallowe'en Is Occasion for a Happy Party

Gay Spirit of Evening Is Expressed in Foods and Fun for All Ages—Special Recipes Are Given

By JESSIE MARIE DUBOIS
All Hallowe'en Eve—do you recognize it? Yes, it is the ancient name for our modern Hallowe'en.

The evening preceding All Saints Day has been a festival among English-speaking people since time immemorial, tradition having it that on this night the spirits of the saints were abroad among the people where once they had lived in holiness, the sainted ones driving from the countryside the wicked spirits of the damned and the devils in forms of possessed animals, witches and similar evil beings, who would work harm to honest folk. In our present day, a congenial method of observing the evening is followed in hundreds of thousands of English-speaking homes, friends being invited in, games being played, and refreshments being served. Here are a few examples of the possibilities for a happy Hallowe'en party:

HALLOWEEN PARTY MENU

Jellied Veal in Orange Cups
Potato Chips
Red Carrot and Ripe Olive Sandwiches
Cider Frappe

Doughnuts Pumpkin Tarts
Coffee Hot Chocolate

JELLIED VEAL IN ORANGE CUPS

Two cups chopped boiled veal, 1-2 cups diced hard-cooked eggs, 3-4 cup fine bread crumbs, 1-2 cups hot veal stock, 1 dozen stuffed olives (sliced), 3 pimentoes (chopped), 1-2 cup diced cooked celery. Method: Combine ingredients with the hot veal stock (liquor in which veal was boiled). Stir, cool, pour into orange cups with fluted edges, chill until set. Serve with mayonnaise. Make orange cups by cutting a thick slice from end of oranges and removing the pulp.

CIDER FRAPPE

One-third cup sugar, 3 tablespoons white corn syrup, 1 cup water, yellow rind from one orange, 1 cup cider, 2 tablespoons lemon juice, salt. Method: Mix ingredients together, turn into refrigerator tray and freeze for one hour. Remove from tray to a large, cold bowl and beat vigorously with a rotary egg beater. Return to refrigerator pan, place again in chilling unit. In two to two and a half hours the mixture may be beaten a second time, returned to the pan and allowed to freeze.

HALLOWEEN SALAD

One package orange gelatin, 2 cups hot water, 1 tablespoon lemon juice, 1 cup grated carrot, 1-4 cup chopped ripe olives, salt. Method: To the orange-flavored gelatin, add the boiling water. Allow to cool, then stir in lemon juice, carrot, olives and salt enough to taste. Turn into one large mold or small

individual molds and place in refrigerator to set. Serve on lettuce leaf with a dash of mayonnaise.

JACK O'LANTERN COOKIES
Use a favorite chocolate cookie recipe. When baked and cooled, ice with orange icing. Make a face on the iced cookie with dots of melted chocolate for the eyes and nose and a streak of chocolate for the mouth. Or a paper witch can be pressed on top before the icing dries.

GOBLIN SALAD

Arrange a leaf of lettuce on each plate and in the centre of each place half a canned peach round side up. Use whole cloves to make eyes and nose and a pimento strip for the mouth. With a pastry tube make a frill of cream cheese around the goblin's face.

For the peanut butter sandwiches, use white bread or orange bread. Here is a recipe for orange bread:

ORANGE BREAD

Three cups flour, 4 teaspoons baking powder, 1-2 cup sugar, 1-2 teaspoon salt, 1-4 cup chopped toasted pecans, 1 egg or 2 yolks, 1 cup milk, 3-4 cup chopped candied orange peel. Method: Sift dry ingredients together. Make a little hole in centre, add remaining ingredients; turn into a well-greased loaf pan and let stand for ten minutes. Bake at 325 degrees F. for ten minutes, then raise temperature to 350 degrees F. and bake for 45 minutes.

BOSTON BROWN BREAD

One cup yellow cornmeal, 1 cup rye or graham flour, 1 cup whole wheat flour, 1 teaspoon salt, 2 teaspoons soda, 1-2 cup raisins, 1-2 cup molasses, 2 cups sour milk. Method: Sift dry ingredients, add raisins, molasses and sour milk. Pour into well-greased mold until two-thirds full. Cover and steam 3-4 hours, take from steamer, remove cover and bake in moderate oven for about 25 minutes. Cut in thin slices and spread with cream cheese and mayonnaise.

DOUGHNUTS

Four cups sifted flour, 1-2 teaspoon nutmeg, 1-4 teaspoon cinnamon, 1 teaspoon salt, 3-4 teaspoon soda, 1-2 teaspoon cream of tartar, 2 tablespoons shortening, 3-4 cup sugar, 2 eggs and 1-2 cup thick sour milk. Method: Sift together dry ingredients, with exception of sugar. Cream shortening and sugar until well blended. Add eggs and egg-yolk and beat until mixture is light and fluffy. Add milk. Combine with dry ingredients and mix until smooth. With as little handling as possible, roll dough on floured board to 1-4-inch thickness and let stand 20 minutes. Cut with doughnut cutter. Fry in deep shortening until brown, turning when the first crack appears. Drain on absorbent paper. Makes 3 dozen. If sweet milk is used, reduce quantity to 3-4 cup and substitute 3 1-2 teaspoons baking powder for soda and cream of tartar.

MICHIGAN STREET MAY LOSE TREES

Parks Committee Discusses Removal Of Alternate Ones—To Examine Pioneer Square Elms

Parks committee of the City Council decided Wednesday afternoon to inspect trees on Michigan Street with a view to removing every alternate one; to examine Pioneer Square elms believed to be causing damage to sidewalks and sewers; and to recommend that one large tree be cut down. Alderman James Adam presided at the meeting.

A recommendation will be made to the council that Arthur Ridland and Horace Lindsey, apprentices to the parks system on probation, be accepted with full privileges.

A letter from George J. Yoxall withdrawing his tender to paint the grandstand and bleachers at Royal Athletic Park was received and filed.

The committee will recommend to the council that the grandstand in Macdonald Park be painted, and that \$500 be spent on piping in the Beacon Hill Park greenhouse if funds are available.

Nanaimo Wedding Of Wide Interest

NANAIMO, Oct. 28.—St. Andrew's Presbyterian Church was the scene of a wedding of wide interest, at 7:30 last night, when Miss Agnes Orentice Peppers, daughter of Mr. and Mrs. David Peppers, Nanaimo, became the bride of Ronald William Squire, son of Mr. and Mrs. W. H. Squire, also of this city. The ceremony was performed by Rev. William Bell.

Bridesmaids were Miss Mary Peppers and Miss Lorraine Squire. Stanley John Squire supported his brother.

One hundred and twenty guests later attended a reception for the bride couple in the Foresters' Hall. The bride and groom left for Victoria en route to the Southern States, and on their return will reside in this city.

MEETINGS TO HELP CHEST

Campaign Organization Proceeds Apace, With Subscriptions Mounting

With three meetings scheduled to take place today, Greater Victoria Community Chest fund workers will

have their time heavily occupied with organization detail in preparation for the launching of the major drive, which opens here next Monday.

These meetings are as follows: Women workers' tea at home of Mrs. W. P. D. Pemberton, vice-chairman of women's division; "B" division workers' rally banquet at David Spencer, Ltd., dining-room at 6 p.m., when the chair will be taken by R. W. Mayhew, and the speakers will be Dr. H. M. Cassidy and Frank Paulding; meeting at 8 p.m. of Council of Social Agencies at the Y.W.C.A., at which Mrs. R. P. Shannon and Mrs. W. S. Buttar, Vancouver social workers, will be the speakers.

Mrs. Shannon and Mrs. Buttar will also speak at the rally of women workers at Mrs. Pemberton's home. P. E. Winslow, chairman of the Community Chest board, will speak over CPCT at 8:30 tonight, and listeners-in may hear Dr. H. L. Stewart, Halifax, in a broadcast over CBR at 7 p.m. Both will speak about Community Chest funds and their advantages as compared to indiscriminate giving.

Campaign workers are already "on the job" early and late. A quarter of an hour before Woolworth's store opened yesterday morning, Fred M. McGregor addressed the

staff. Fifteen minutes earlier than this, Frank Paulding, campaign manager, spoke to the sales and office staff of the B.C. Electric Company. Yesterday afternoon R. H. B. Ker, joint campaign manager, and Frank Paulding addressed members of the staff of McLennan, McFeely & Prior, answering a number of questions subsequently.

COLLECT \$14,000
Among those who have added their endorsement to a fund which is already adding hourly to its contribution list, now totalling approximately \$14,000, are the following: From Miss Frances Fitz Gibbon, president of the Victorian Order of Nurses:

"As president of the Victorian Order of Nurses and a member of the executive of the Women's Workroom, may I say how delighted I am to see that Victoria is making a progressive step in introducing the Community Chest. I spent ten years in a town which supported a Community Chest, and consider it the only satisfactory method of collecting money for charity. With best wishes for a successful campaign."

From Mrs. A. D. McAdie, president of the Children's Aid Society Auxiliary:

"Life would lose one of its richest assets if the individual did not feel a compelling responsibility to care for his less fortunate neighbor. Through the plan of the Community Chest, each one of us can help, according to his ability, and all can feel that they have a part in the welfare of the community."

MORE CONTRIBUTIONS
Contributions to the Community Chest reported yesterday were as follows:
Mrs. C. F. Armstrong.....\$900
Senator G. H. Barnard.....500
Yarrow, Ltd.....400

MISSIONARY IS GIVEN WELCOME

Three Hundred Hear Illustrated Lecture by Miss Eva Hasell, M.B.E.

An interesting lecture, warmly received by an audience of approximately 300 persons, was given last evening in the Memorial Hall by Miss Eva Hasell, M.B.E., founder of the caravan mission of the Anglican Church to isolated settlements in Western Canada.

Miss Hasell was assisted by Miss Iris Sayle, her associate. The lecture was illustrated by a number of extremely fine slides, taken by Miss Hasell and Miss Sayle, in the course of their work.

When Miss Hasell inaugurated the work by providing the first van, in 1920, she alone was in the field, which now extends from Manitoba to British Columbia, from the International Boundary to the North, and which is covered by twenty vans with forty workers.

CONTACT ISOLATED HOMES
It is the task of these home missionaries to contact the isolated settlers, and their children, and arrange for Sunday school, church work and social services.

Miss Hasell described the manner in which she had traveled through seven dioceses and worked in four; how church was held and Bible teaching was given in public schools; how many children had been baptized, and others prepared for confirmation, and the manner in which at least two lame children and one neglected child had been assisted through these traveling missions.

The work in each diocese is sanctioned by the bishop. While these workers do not proselytize, the services which are rendered are freely given to all those who request them.

Bishop H. E. Sexton acted as chairman, eulogized Miss Hasell in a brief introduction, and led those present in prayer. Three hymns were also sung. The sum of \$92, which was collected, will be used to defray the cost of mailing School by Post material to various points in the Diocese of Columbia.

PREPARING FOR FEDERAL VOTING

Conservatives to Set Date for Nominating Convention—Bennett May Come to Victoria

With selection of delegates from ward associations practically completed, Victoria Conservatives will step actively into the Federal by-election next week, when the central executive will meet to fix a date for the nominating convention to select a candidate for this constituency, which includes Victoria, Esquimalt, Oak Bay and what is known as the "Sanich Wedge."

The central executive meeting will take place on November 3 and it is possible delegates will assemble on a date between November 10 and November 15 to make their choice of a standard-bearer.

Robert D. Harvey, head of the Victoria association, is going to Vancouver this afternoon to meet Rt. Hon. R. B. Bennett, leader of the Conservative party in the Dominion. It is expected Mr. Harvey will discuss with the leader the coming by-election and endeavor to have him take an active part in the campaign.

Mid-Week Soccer Loop Decides to Join Commission

President Charlie Lewis, of the Victoria and District Football League, announced yesterday that the mid-week loop has affiliated with the British Columbia Football Commission. The move has paved the way for the annual Anscomb Cup series between picked teams from the Saturday and Wednesday Leagues.

This season, with better players than ever before, the mid-weekers should provide excellent competition for their friendly rivals from the Saturday League. November 11 and January 1 have been suggested as fixture dates by the Wednesday League.

Adams Protests New Ice Ruling

DETROIT, Oct. 28 (C)—Manager Jack Adams, of Detroit Red Wings, Stanley Cup champions, sent a telegram to President Frank Calder, of the National Hockey League today, protesting, on behalf of the Detroit, against the league's new penalty shot rule. Adams charged many "cheap" victories will be gained on penalty shots this season.

"I've found something you'll like!"

"Yes, quite different... fascinating! How do they make them so rich and yet so cool?"

"Marvellous. Who would have thought that to filter the smoke would improve the flavour like this!"

"Here's a new pleasure... a new experience! In the fragrant smoke of the choicest Virginia, an inner and richer fragrance has been discovered... revealed by the filter tip.

The exclusive du Maurier filter tip refines the flavour while the cigarette actually burns. Cooling the smoke, protecting your sensitive throat. What comes to you is pure enchantment, Virginia unalloyed."

ROOKIES SIGN UP
MONTREAL, Oct. 28 (C)—Two more rookies were signed up by Montreal today and turned over to New Haven Eagles, the Habitués farm club in the International-American Hockey League.
The newly-turned pros were Wilf Hoch, defenceman from Kitchener, Ont., with Ottawa Senators in the Montreal senior group last year, and Gus Mancuso, a right-winger last year with Hershey Bears of Pennsylvania.
Meanwhile, more amateurs were dropped from the club's list of pro candidates for the year. They were Smiley Meronek, of Portage la Prairie, forward; Lester Brennan, of Quebec City, defenceman, and Vince Gallagher, defenceman, whose brother, Johnny, is also a National Hockey League. Canadiens are keeping them on their negotiation list.

Specialists Will Discuss Dionnes

TORONTO, Oct. 28 (C)—Science will look at the Dionne quintuplets, study their physical and mental development and chart a course for their future in a unique week-end meeting of 250 child specialists, psychologists and students.

Fifty Americans are coming to Toronto for a Saturday gathering with Canadian specialists, at which they will hear reports on the children's physical and mental development, discuss their future and offer suggestions to Dr. Allan Roy Dufor, their medical guardian.

MARINE—TRANSPORTATION

Believe Fragmentary Messages Came From Long Missing Plane

Experts Have Identified Secret Code Used by Soviet Airmen—Rushing Preparations for Second Expedition to Arctic Regions

OTTAWA, Oct. 28 (C)—Convinced that the Russian flyers, lost ten weeks ago in the Arctic during a Moscow to Fairbanks, Alaska, flight, have been sending out wireless messages in an effort to call assistance, Sir Hubert Wilkins, veteran Arctic explorer, was here today rushing preparations for a second search expedition.

Sir Hubert said some eighty fragmentary messages caught by amateur and professional radio operators since the flyers' mishap, have been declared by experts to have come from the Soviet plane, identifying them by the secret code used by the flyers.

PURCHASES EQUIPMENT

Sir Hubert purchased some radio direction finding equipment here from the Department of Transport on the understanding the equipment will be repurchased by the department at an assessed valuation when the expedition returns. He expressed his appreciation of the complete co-operation he received from Transport Minister Howe and officers of the department.

In Winnipeg, Herbert Hollick-Kenyon, Canadian aviator, is preparing the all-metal plane used by Dick Merrill on his round-trip Coronation flight from New York to London, for the search flight, which will work out of Aklavik. Skis are being fitted and they will be flown north to a point where snow conditions permit testing them.

SERVICES VOLUNTARY

Sir Hubert will return to Montreal today to pick up other radio equipment, and Friday he will fly to Winnipeg to join the other members of the expedition. The search will start as soon as preparations

are complete. The Soviet Government is financing the trip and Sir Hubert said his own services were voluntary.

Sufficient emergency supplies were carried by the Russians to maintain them comfortably a long time. Sir Hubert said, and they would be able to secure additional food by shooting Polar bears and seals.

In the event the flyers are found alive, it would be possible to bring them all back on the rescue plane. Sir Hubert stated, although it would be crowded. It would take 1,000 gallons of gasoline to fly the plane to the search area, and that much additional space would be available for passengers on the return flight.

CONTEST CLOSES AT END OF WEEK

Fifth Annual Maple Leaf Competition Creating Wide Interest—2,000 Entries in Already

MONTREAL, Oct. 28.—More than 2,000 leaves have been received here as entries in Canada's fifth annual maple leaf competition held jointly by the Canadian Travel Bureau at Ottawa, the Canadian Pacific Railway and the Canadian National Railways.

The contest, in which prizes totaling \$215 are given for the most beautiful and largest leaves, does not close until the end of the month and a large rush of last-minute entries is expected.

The interest taken by Canadians and visitors to the Dominion has meant a great deal of work in

handling the leaves here. In addition to considerable clerical work in numbering the entries so that the contestant's name can be found after the judges have proclaimed the winners, there is much to be done in preserving the leaves so that they can be sent on a national tour after the contest closes.

Prominent Canadian artists will be chosen to judge the beautiful leaves, while railway officials will select the leaves with the largest surface area.

APPOINTED TO NEW POSITION

Vancouver Man Will Be an Assistant Manager of Royal Alexandra Hotel

WINNIPEG, Oct. 28.—Appointment of Thomas Karl Demorest, Vancouver, as an assistant manager of the Royal Alexandra Hotel, Winnipeg, is announced by T. E. Chester, general manager of the Canadian Pacific Railways Western hotels, the appointment being effective this month.

Mr. Demorest has seventeen years of executive hotel experience behind his appointment. Twelve of these were with a privately owned hotel at Vancouver and five with Canadian chain hotels. Canadian-born, Sudbury is his native town, where he received his education which was continued later in civil engineering in Toronto.

From overseas service in the Great War between 1915 and 1919 he emerged with war decorations.

For ten years he has been an active member of the Rotary Club of Vancouver. He originated the widely-known Breakfast Club of Vancouver and was its British Columbia facetious. He was also one of the charter members of the Pacific Coast and, as a patron of sports, has had various other club affiliations in the West.

Mrs. Demorest and their son, John, will join him later in Winnipeg.

SAILING FOR PHILIPPINES

Japan Away Tomorrow Via Hawaii, Japan and China Ports

Outward bound tomorrow, the Canadian Pacific liner Ss. Empress of Japan, Captain L. D. Douglas, R.N.R., commander, will be here during the afternoon. The liner is due alongside Rithet Piers at 4 o'clock and scheduled to sail for Honolulu, her first port of call, at 5:30 p.m. The Japan will be on her way to the Philippines via Hawaii, Japan and China ports.

LUMBER VESSELS

To load lumber for South Africa, the British freighter Hopecastle is expected at Ogden Point Piers today by King Brothers.

Completing loading a total of 1,100,000 feet of lumber at the local assembly plant, the freighter King Idwal left yesterday afternoon for an east coast point to complete.

FROM CALIFORNIA

Coming in from California ports, the Kingsley Navigation Company's freighter Ss. Kingsley is due at Rithet Piers some time today, King Brothers, local agents, stated last evening. After completing discharge of local cargo, the Kingsley will continue to Mainland ports.

AFLOAT AGAIN

The freighter Hoegh Silverlight, which was in the Government Drydock at Esquimalt for cleaning and painting, was refloated yesterday evening and proceeded to Vancouver overnight.

SOME TIME TUESDAY

Latest advice received by W. M. Allan, local representative of the American Mail Line, yesterday stated the company's ship, Ss. President Jefferson, will reach William Head late Tuesday afternoon or early evening. The liner is coming in from Far East ports and has a passenger list well over the 200 mark, and is bringing one of the biggest cargoes to arrive at this port for some time. It measures over 2,000 tons, comprising a variety of merchandise.

SHIP DELAYED

Scheduled to reach Victoria today, the Holland-America Line Ss. Dinteldyk will not arrive here until early next week, according to Adam P. Moffatt, local agent.

HEAVY CARGO

Last night the reconditioned Danish East Asiatic Line's motorship Erria left New Westminster with a large cargo of British Columbia products. At the Fraser River port, the refrigerator ship loaded thirteen cars of apples, three cars of pears, 2,030 tons metal, 6,000 doors and 100 tons of plywood, while at Vancouver the ship stowed two cars of apples, one car of pears, 1,500 doors and 200 tons of miscellaneous merchandise.

MOTORSHIP SOLD

The motorship Samson has been sold by Fied Brothers, San Francisco, to Oslo Interests. The vessel, which at present flies the flag of Panama, is to be changed to Norwegian registry and renamed Norse Lady. The Samson was launched at Jacksonville in 1919 as the Ashbee. When later purchased by the Silver Line of New York, she was named Silverpruce. Flood Brothers bought her about a year ago and gave her the name Samson. She is 3,275 tons gross register, 333.8 feet long, 48 feet wide and 24.9 feet depth of hold.

REFUSED TO WORK

The French Labor Federation's boycott of Japanese goods as a protest against "Japanese aggression in China" was made effective last week, when the Marseille Dock Workers' Syndicate announced it would not permit unloading of the Japanese liner Kashima Maru. Simultaneously the administration committee of the federation announced a decision to enforce the boycott throughout France.

The committee did not reveal how it would make the boycott effective. It was pointed out the total volume of trade between France and Japan this year has amounted to only 294,000,000 francs (about \$8,860,000), and under these conditions a boycott would work more harm to France than to Japan. It was also considered a boycott would not find much official favor, since it is believed it would create possible repercussions in French Indo-China, where Japanese might land forces on Chinese islands commanding the approach to French colonies.

VANCOUVER SHIPPING

VANCOUVER, Oct. 28 (C)—Ma. Fella, under command of Captain G. Locatelli, arrived here overnight. Newly-painted and newly-powered, the ship was reported to be capable of 6,000 horsepower and sixteen knots.

Three passengers from Central America were on board. They will spend a few days visiting Vancouver and then sail south with the ship. Empire Shipping Company, agents here for the vessel, reported the inward freight included twenty-five small Italian automobiles. These cars, it was claimed, are capable of sixty miles to a gallon of gasoline.

Lorne S. Richardson, manager of the chartering department of the Anglo-Canadian Shipping Company, will leave with his wife for a holiday in California tomorrow.

Ma. Hoegh Silverlight, of the South African-India service of the Silver-Java-Pacific Line, was due

ROTARIANS SEE MAGICIAN ACT

William Harkness, Prestidigitator, Is Entertainer At Luncheon Meeting

Lighted cigarettes materialized from nowhere, packs of cards disappeared into thin air, and severed rope became whole again at the Rotary Club luncheon, yesterday, when William Harkness, prestidigitator, presented a display of legerdemain as a novel form of entertainment for Rotarians.

Maintaining a running patter of conversation, Mr. Harkness mystified the gathering with a succession of remarkably good tricks. Pieces of colored paper were torn to shreds, rolled into a bundle, and unrolled whole again in the form of the emblem of Rotary; cards were exchanged from the pocket of one Rotarian to that of another; a solid rod was passed through a

sheet of glass without leaving a hole; coins were made to disappear and materialize in unexpected places, and many other displays of modern magic were given by Mr. Harkness, who was warmly thanked by T. J. Goodlake, president, for his entertaining exhibition.

Frank J. Donerty made a further appeal to members to make the superfluous sale next Wednesday an outstanding success, and asked the chairman of collection committees to get busy and see that their committees were working. The success of the sale depended upon the amount of merchandise forthcoming, he said, and the goods so far received were not nearly enough.

The president asked that all members be at Horace Plimley's garage at 8 p.m. on Tuesday to make preparations for the sale, and that as many as possible should be present to assist at the sale at 1 p.m. on Wednesday.

Mr. Goodlake announced that Herbert J. Penderay would show the moving pictures in technicolor which he took on his recent trip, on Monday evening at 8 o'clock, downstairs in the Empress Hotel. The entertainment will be for members and their wives and families.

GIVES DAMAGES FOR INJURIES

County Court Awards \$895.96 to Mrs. de Macedo on Accident Claim

Mrs. E. de Macedo was awarded \$895.96 damages against Mrs. L. M. Jacklin and G. F. Jacklin in the County Court yesterday in respect of permanent injuries received by Mrs. de Macedo when she was knocked down by an automobile at the corner of Port and Quadra Streets on July 28.

The plaintiff was represented by J. B. Clearhue, K.C., and H. W. Davey appeared for the defendants, who admitted the main facts of the accident. Defence counsel, however, objected to the request of Mr. Clearhue that the licence of the driver of the car should be cancelled.

Judge H. H. Shandley said there was no evidence before him relative to the negligence alleged, and he thought it was asking too much to grant the request. Mr. Clearhue, therefore, withdrew his application for cancellation of the licence.

The court allowed \$645.90 damages for hospital and medical attention and loss of means of earning income, and \$250 general damages.

Your sense of humor and a witty tongue probably will make you a social favorite. You ought to possess a great deal of tact, and have the ability to patch many misunderstandings among your friends. You probably have a decided talent for organization work, particularly when it comes to directing the efforts of other people. School, missionary, church, or social welfare work, writing, painting, lecturing or interior decorating are among the activities in which you are likely to do your best work. Your matrimonial chances for happiness appear to be unlimited.

The child born on October 29 may, during its adolescence, be inclined to be timid, but with reasoning and encouragement this can be readily overcome. If this youngster takes up a profession, a brilliant career is likely to be the result.

If a man and October 29 is your natal day, hunting, fishing and sailing are among the sports in which you should excel. As an insurance or real estate agent, banker, salesman, author, actor, lecturer, or artist fame is apt to be awaiting you.

ZONING APPEALS HEARD BY BOARD

Four Out of Five Plans Granted at Meeting in City Hall—Garage Permit Refused

Four out of five appeals were granted by the zoning board of appeal during a meeting in the City Hall committee room yesterday afternoon. S. M. Armstrong presided.

An appeal of E. Y. Harvey to construct a private garage at 2549 Graham Street was refused.

A BIT SWIFT

Mrs. Brown (reading out of the paper): "It says here they have a sheep in the Himalaya Mountains that can run forty miles an hour."

Mr. Brown: "Well, it would take a lamb like that to follow Mary nowadays."

SENTENCED TO SERVE ONE MONTH IN JAIL

Police Magistrate H. C. Hall yesterday sentenced Percival McPhee to one month in jail with hard labor on the charge to which he had, on Wednesday, pleaded guilty, which was one of having committed forgery in signing another person's name when taking out a "drive-yourself" car. The name used was the holder of a driver's licence and this had been taken without the knowledge of the licence.

The accused was also fined \$5 or three days, the latter to run concurrently with the other sentence. On the charge of driving a car without being the holder of a licence.

The accused had had a previous conviction against him in Vancouver, that of possession of stolen goods, on which he served three months' time.

SUGGESTS PUBLIC VOTE ON FORUM

E. D. Todd, 508 Island Road, Thinks Plebiscite Should Be Held In December

In a letter to the City Council, E. D. Todd, 508 Island Road, suggested that a plebiscite on erection of a forum be held in connection with the civic elections on December 9. Mr. Todd originally suggested the plan in a communication to the council earlier in the week. His second letter follows:

"Re plebiscite for forum: In connection with the above matter I would like to add that an expression of opinion vote from the ratepayers is all that is required for the present, and this could very easily be obtained at the polls in December at no expense to your city when ratepayers are voting on the street car and bus franchise.

"If your council is in favor of same, I think ratepayers should be informed that an increase in their taxes might or might not be necessary, if your city were to finance the plan. Ratepayers would have the satisfaction, enjoyment and pleasure returned to them by being able to go to the forum and be more comfortable when watching basketball games, hockey, box lacrosse, or any other attraction that might be put on there," Mr. Todd stated.

IT'S ONE THING TO GET A HUSBAND... IT'S ANOTHER TO KEEP HIM

I know

MEN ARE SO UNFAIR, KATE! THEY EXPECT A WIFE TO BE PAINTY AND FULL OF BEER AFTER A DAY'S CLEANING AND COOKING

I KNOW! ALTHOUGH I WAS A BRIDE MANY YEARS AGO, I HAD TO LEARN TO KEEP STEP ON LOSE MICHAEL'S INTEREST

WELL, YOU CERTAINLY LEARNED THE SECRET OF STAYING IMMACULATE NO MATTER HOW BUSY YOU ARE...

IT'S NO SECRET, DEAR, I USE LIFEBOUY REGULARLY. IT REALLY GIVES FRESHNESS THAT LASTS, I NEVER WORRY ABOUT "B.O."

BUT HOW DO YOU FIND TIME TO KEEP YOUR SKIN SO YOUNG AND FRESH?

I USE LIFEBOUY FOR THAT, TOO. IT'S MILD AS MAY... JUST YOU TRY LIFEBOUY

LATER

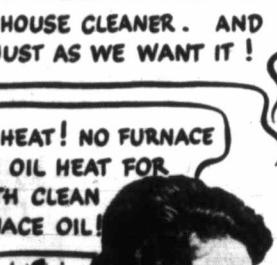

WHY DIDN'T I HAVE SENSE ENOUGH TO TRY LIFEBOUY BEFORE? I NEVER FELT SO MARVELOUSLY CLEAN

AGAIN LIFEBOUY HELPS OUT

IT'S BEYOND ME, DARLING, HOW YOU MANAGE TO KEEP SO FRESH AND SWEET—WITH ALL THE WORK YOU DO!

YOU KNOW HOW I DO IT—LIFEBOUY

More women, men, children, bathe with Lifebuoy than any other soap!

THAT'S A FACT—brought to light when 11 leading magazines questioned 125,000 women... But it's really no wonder Canadian and American men, women and children prefer Lifebuoy. It contains a special purifying ingredient not in any other well-known toilet soap... Its rich penetrating lather gives extra protection, really stops "B.O."

purities—helps prevent "stretched" pores... Leaves the skin fine, clear, lovely with healthy beauty. Tests show Lifebuoy over 20% milder than many so-called "beauty" and "baby" soaps.

What Today Means

"SCORPIO"

If October 29 is your birthday, the best hours for you on this date are from 9:45 to 11:45 a.m.; from 1:45 to 3:45 p.m., and from 7:45 to 9:45 p.m. The danger periods are from 7:45 to 9:45 a.m.; from 5:45 to 7:45 p.m. and from 9:45 to 11:45 p.m.

This will be a poor day to try to accomplish anything by driving somebody. Force will fall where cajolery is likely to succeed. If for any reason you convey the impression that you are too much on the defensive this day, you may succeed in arousing suspicion. Ridicule will be a dangerous weapon to use this day, for many a friendship is liable to be killed by it. Consistent work is apt to be well rewarded, and through it a liberal amount of praise and money is likely to be won. Any social activity you engage in this day ought to be thoroughly enjoyable. On your return to your home or office it is advisable for you to ascertain if any message came for you during your absence because forgetfulness on the part of others is likely to be one of the upsetting influences prevailing this day. Married and engaged couples, and those who are in love, should view things from a sentimental rather than from a financial angle this day if they desire to be contented.

If a woman and October 29 is your birthday, you may have diversified interests to occupy your mind.

What's New About the New Plymouth

ANOTHER TRIUMPH OF CHRYSLER ENGINEERING

This big, handsome 1938 Plymouth celebrates the triumph of an idea conceived and carried out by Walter P. Chrysler 10 years ago.

The idea: to bring fine-car quality and engineering into the lowest price field.

The result: in the last 10 years, thousands of Canadian motorists have swung to Plymouth!

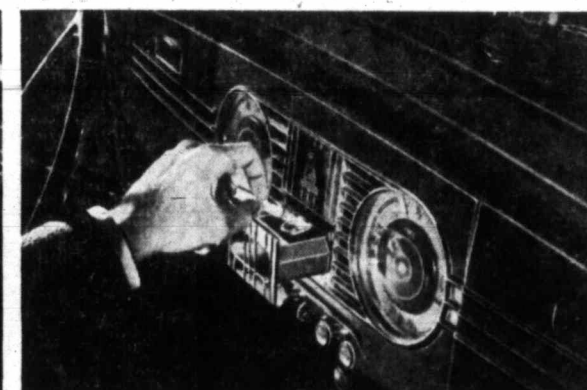

Today, go and see Plymouth's new 1938 car. See how 10 years of better and better cars have made Plymouth the sensation of the lowest price field.

[MORE CAR FOR THE MONEY]

The new 1938 Plymouth you see here is priced with the lowest! The Commercial Credit Corporation offers very convenient payment terms—through Chrysler-Plymouth dealers. You can arrange payments to fit your budget. Tune in Major Radio Original Amateur Hour, Columbia Network, Thursdays, 9 to 10 p.m. E.S.T.

3 The Lady is Holding the new hand-brake. It's out of the floor and under the instrument panel. Her left foot will discover the clutch works easier—takes 15% less pressure to operate. The starter works easier too.

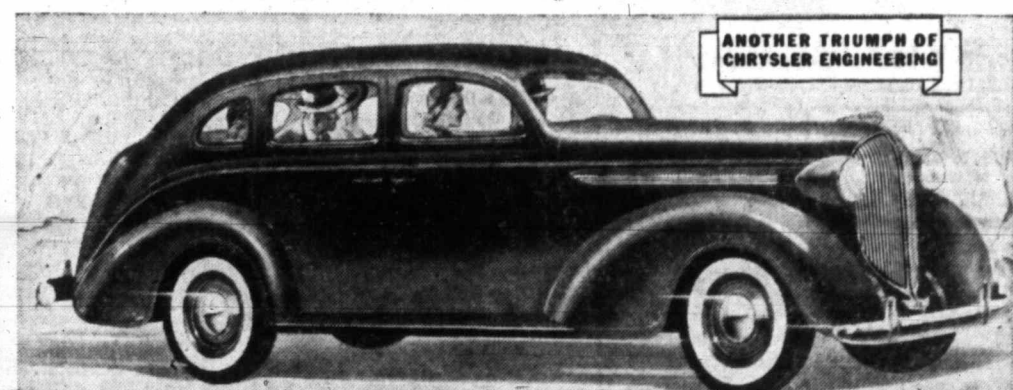

4 This is New, too! The speedometer and other instruments are in the middle—easy to read. The beautiful new instrument panel is "safety-styled" to give an added measure of safety to front seat passengers. The windshield is bigger... gives greater driving vision. The ash tray is the larger drawer type. There is a big, roomy glove compartment with a new type latch.

5 Roomiest Trunk ever built into a Plymouth! The floor is covered to protect your luggage. There is no sill... you can slide heavy bags in without needless lifting. Spare wheel is out of the way. It's a bigger trunk for a bigger, more luxurious automobile.

6 Lift the Hood look at that 82-horsepower engine. Plymouth is thrilling to drive yet economical. Fuel bills are LOW! And you'll save on every item of upkeep!

7 There's Fresh New Beauty in this 1938 Plymouth—and solid value throughout, from frame to finish. It's a big car with an all-steel body and rigid X-type frame. And an economical car. It keeps on saving you money... Plymouth owners regularly report 21 to 27 miles to the gallon of gas... lowest upkeep costs. It has a high resale value because it's built to last! Today, take this big 1938 Plymouth out and put it through its paces. Find out how beautifully it handles and rides. Check what it offers you. It's priced with the lowest and costs less to run!

SHIRLEY TEMPLE
NOW AT DOMINION

"Heidi" Features Little Star in Film
With Jean Hersholt in Sup-
porting Cast

"Heidi" brings a Shirley Temple
more glorious than has ever been
known, in the picture which opens
at the Dominion Theatre today,
she was asked to make by thousands
of fans who wrote to the Twentieth
Century-Fox studios.

Bringing love to hearts filled with
hate, and a twinkle to eyes filled
with tears, "Heidi" tells of an em-
bittered mountain-top exile, bril-
liantly portrayed by Jean Hersholt,
reclaimed from his fierce hatred of
the world, of a young girl who finds
the strength and courage to walk
again, and of the little heroine who
brings everyone new zest for life.

Arthur Treacher and Helen West-
ley play prominent roles in the
story, and Pauline Moore, Thomas
Beck, Mary Nash, Sidney Black-
mer, Mady Christians and Sig
Rumann are also featured in the
cast.

CAPITOL Seven new topnotch
THEATRE melodies were composed
posed for "Double or
Nothing," showing currently at the
Capitol Theatre. Among them are
"The Moon Got in My Eyes," "All
You Want to Do is Dance" and "It's
the Natural Thing to Do." The pic-
ture stars Bing Crosby and Martha
Raye.

**Arrival at Gosport
Of Endeavour I Is
Shown in Newsreel**

THE rousing welcome ac-
corded the Endeavour I,
missing cup yacht, which was
lost for days in mid-Atlantic,
when she arrived at Gosport,
England, is a highlight in The
Colonist Universal Newsreel,
commencing today on the Do-
minion Theatre screen. Other
scenes include the finals of
the world baseball series,
when the Yankees captured
the title at New York, 4 to 1;
rodeo champions thrill crowds
with their daring riding at
New York, while at Meaford,
Ontario, a novel fishing Derby
is started.

**VOTERS' LIST TO
CLOSE ON MONDAY**

Those Required to Register for Vote
Are Asked to Visit City Hall
Without Delay

It was pointed out yesterday by
M. Frank Hunter, city clerk, that
the city voters' list would close at
the City Hall on Monday afternoon
at 5 o'clock. He suggested those
required to register visit the City
Hall without delay.

Those who do not have to regis-
ter to secure a vote in the annual
elections on December 9 are prop-
erty owners, trade licence holders
whose names were on the list last
year and whose licences are paid
up, and householders whose names
were on the list last year and who
have paid current road and poll
taxes. Those who claim exemption
from either road or poll tax for
technical reasons are urged to regis-
ter.

Female householders over sixty
years of age do not have to register
if their names were on the voters'
list last year. Mr. Hunter pointed
out.

CULBERTSON on CONTRACT

By Ely Culbertson
World's Champion Player and Greatest Card Analyst

READY? GET SET—GO!

Today is the actual start of the
national bridge examination, which
I announced yesterday and the day
preceding. I should like readers to
remember two things: First, that
this is an examination to determine
contract bridge knowledge, not a
quiz based on any individual sys-
tem; second, that if readers prefer
to have me grade their answers,
they have only to send them in. I
will grade them, file them and, when
the examination is over, mail the
final mark together with a certifi-
cate to the effect that the individual
concerned deserves master, expert,
or post-graduate ratings. Lower
rankings will not want certificates.

If you rate yourself, here is how to
do it:
Assume at the start that your
bridge is 100 per cent. Answer the
questions and compare your an-
swers with those that will appear
the following day. If you are cor-
rect, you remain 100 per cent. If
not, you must deduct the number
of points that will be assigned by
me.

Now, here are the two first ques-
tions:
Question 1—Neither side vulner-
able. You are the dealer and hold:
♠ 5 4 ♦ A J 9 5 2 ♣ K J 8 4 3
What call do you make?
Question 2—Neither side vulner-
able. You are South, third hand.
Your partner and second hand pass.
You hold:
♠ A K 5 ♥ K 10 4 ♦ K 9 6 ♠ A 7 2

What call do you make?

TODAY'S HAND

Many declarers stop playing
trumps the moment that the ad-
versaries' trumps have been drawn.
Sometimes, of course, this is wise.
There may be a specific need for
trump conservation. But often de-
clarer has more trumps than he
knows what to do with and, in these
cases, it usually is effective to run
off a few and force the opponents
to discard. They may find the dis-
carding process quite disagreeable.
South, dealer.
Neither side vulnerable.

NORTH
♠ 8 5

♣ A 9 7 2

The bidding:
South West North East
3 ♠ 4 ♥ 4 ♠ 5 ♥
5 ♠ Pass Pass Pass
West opened the club queen.
Dummy's ace won, and a trump
was led. West took the ace and

cast about for a means of putting
East on lead for a club return. De-
ciding that declarer must have the
diamond ace for his opening bid,
hence played the ace, intending to
West thought the best chance was
to find East with a singleton heart,
hence played the ace, intending to
follow with a second round. De-
clarer ruffed, however, and led out
three high trumps, discarding two
clubs from dummy. East had no
difficulty in discarding on two
trumps—he let go clubs—but on the
last lead he was hard pressed. He
could read the club queen opening
as a singleton, which marked de-
clarer with three originally. There-
fore, he (East) had to hold as many
clubs as declarer. He could not
afford to discard the diamond suit
and, hence, had to blank his heart
king. Had declarer led just one
more trump, he would have made
poor East's position untenable. For
some reason, however, declarer held
on to his two remaining trumps and
attacked diamonds. The third
round disclosed that East had the
suit stopped.

Success still was within declarer's
grasp. All he had to do was ruff
dummy's ten of hearts. East's king
would have been ruffed away. In-
stead of that, declarer, who had
noted East's club discards, prayed
for a club break, in short, that the
king and jack would drop together.
Obviously, they didn't and, when
dummy led a club, East grabbed up
two club tricks for the defeat of the
contract.

TOMORROW'S HAND

Match-point duplicate.

North, dealer.

Both sides vulnerable.

Mr. Culbertson will discuss this
hand in tomorrow's article.

**HOW TO OVERCOME
ITCHING PILES**

If you are annoyed with itching piles
or rectal soreness, do not neglect the same
or run the risk of an operation. Any itch-
ing, soreness or painful passage of stool,
is nature's warning, and proper treatment
should be secured at once. For this purpose
get from MacParlane and Vancouver
Drug Stores, or any drug store, a package
of Hemoroid and use as directed. This
formula, which is used internally, quickly
relieves the itching and soreness and aids
in healing the sore, tender spots. Hemoroid
is a physician's prescription, and is highly
recommended. It is easy to use, and it
seems the height of folly for anyone to
risk an operation when a simple remedy,
which is so pleasant to use, may be had
at such a reasonable cost.

(Adv.)

**BONFIRE PLANS
ARE COMPLETED**

Seven Centres of Entertain-
ment Planned for Children
Of City and Esquimalt

Tomorrow evening the children of
Victoria and Esquimalt will be en-
tertained at seven different bonfires.
Refreshments and various kinds of
entertainment will provide the
youngsters with a good time, and it
is hoped, abolish any vandalism.

There will be no bonfire at Beacon
Hill Park. The gatherings will be
held at Victoria West Park, Doug-
las Street and Caribally Road, Spen-
cer Park, Central Park, Brook and
St. Charles Streets, Oswego and Ni-
agara Streets, and in Esquimalt at
the corner of Fraser Street and Es-
quimalt Road.

The seventy-fifth anniversary ce-
lebrations committee is supporting
the affairs being held in the city, at
which the boys' band, two Y.M.C.A.
entertainment groups and the Boy
Scouts' sing-song party will be the
entertainers.

Individuals who wish to make do-
nations of fruit or candy are ad-
vised to communicate directly with
the City Hall.

Next Wednesday those active at
the various bonfires will hold a spe-
cial meeting in the City Hall to
draw up plans for next year and to
elaborate on the programme.

**English Visitors
Motor Here From
Southern Points**

En route to Toronto, New York,
and their home in England, Lady H.
Goold-Adams, and her son, R.
Goold-Adams, arrived at the Em-
press Hotel yesterday from Califor-
nia.

Mr. Goold-Adams, who has been
on a three-month tour of the
United States, joined his mother in
the South, and motored North.

They will remain here for the
week-end, before crossing to Van-
couver, where they will spend a few
days, before proceeding East.

Lady Goold-Adams is a native of

---That's All**

General Electric

**Gives you the station you want
at the touch of a finger**

General Electric scores another great
radio scoop. G.E. Touch Tuning, the
most important radio improvement of
the year, is now offered at a price within
the reach of every home.

No more dialing. No dials to twist,
twirl or swish. The new G.E. puts an
end to fumbling with knobs. You touch
a button—that's all. And instantly,
automatically your programme comes
in tuned to hair-line precision.

The model illustrated embodies many of the sensational new features of the
1938 General Electric Radio. It is a 12-tube all-wave console, having Touch
Tuning, Sliding Rule Dial, Selectivity Control, Automatic Frequency Control,
Tone Monitor, Harmonic Balancer and Remote Control, if desired. It's all-
wave tuning bands offer world-wide entertainment. This model is priced at
\$239.00, while other G.E. Radios range in price from \$36.75 to \$339.00.
A small down payment will put this fine radio in your home; balance on
easy terms. Call at our Douglas Street Store and see the latest G.E. Radios.

BAYS AND WANDERERS TO MEET FOR LEADERSHIP

Lester Patrick Is Depending Upon Youth This Year

Veteran Manager of New York Rangers Will Have Young Team on Ice When Hockey Season Opens Next Month—Four Originals Are Gone—Coulter and Heller Regulars

By GEORGE MAGUIRE
Canadian Press Staff Writer
NEW YORK, Oct. 28 (P).—The second phase of New York Rangers youth movement will be unveiled when the National Hockey League opens its twentieth season next month and, in the opinion of Boss Lester Patrick, a bumper crop of grey hairs among contemporary coaches may be expected.

Patrick started bringing youngsters up from his Philadelphia farm club of the International-American League last season to replace parts of a machine that was starting to creak with age. Bill and Bun Cook, Ching Johnson and the other originals who helped capture two Stanley Cups and missed the play-offs but once in eleven tries had come to be known as the old men of Manhattan. Now they have given way to youth.

Five rookies were on the Ranger team that reached the championship finals last Spring, to be halted there by Detroit's high-flying Red Wings. They were Defencemen Babe Pratt and Joe Cooper, Forwards Neil and Mac Colville and Alex Shibicky.

Now Patrick is bringing another forward unit of "colts" up from his farm. Centre Clint Smith, of Saskatoon, will be flanked by Bobby

Kirk and Bryan Hextall, Winnipeg speedsters, on the new attack line.

TWO CHANGES

Other than replacing his former third line with the youngsters, the Ranger mentor has made only two changes of importance. Murray Murdoch, a bluish "original" who earned the title of "iron man" by playing in almost 600 consecutive games with the Rangers, has been sent to Philadelphia to captain the Ramblers. Frankie Boucher, the foxey centre who is no longer young, has been named assistant coach and will not see much duty on the ice.

These moves meant shuffling the second line. It will be pivoted by Phil Watson, with Lynn Patrick and Cecil Dillon on the Wings.

The Colvilles and Shibicky will hold down first-line duty. Now that the "kids" have a year's experience, Patrick expects them to go places.

Lester does not believe he has any defence worries. Dave Kerr, tighter than a solitary confinement cell when in form, will be back between the goal-pipes. The veteran bumpers, Art Coulter and Ott Heller, will form the first defence line, with Cooper and Pratt relieving.

Butch Keeling, who was second highest scorer in the league last season, will be retained as "trouble-shooter" extraordinary. Boucher also will be available for utility duty.

GORMAN SEES MAROONS WORK

Manager of Montreal Well Satisfied With Condition Of Players

LAKE PLACID, N.Y., Oct. 28 (P).—Tommy Gorman, who coached Montreal Maroons last year, watched the team practice through a spirited two-hour drill today under its new mentor, King Clancy.

Accompanied by Art Cayford, Maroons' secretary-treasurer, the club president said he was well satisfied with the way Clancy had conditioned the team for the opening National Hockey League game in Montreal, November 6, when Maroons meet Boston Bruins.

The team will divide into "regulans" and "yannigans" for a game tomorrow night and the showing of the few remaining rookies in camp may decide whether they will be offered contracts.

Paul Runge, alternating on defence and attack, is almost a certainty to be carried with the team. The big fellow will likely see plenty of action in both departments, as the Maroons will do considerable experimenting with their rearguard early in the season.

Carl Voss, centre, obtained from New York Americans last season in a trade for Joe Lamb, is due for one of his best seasons. Gorman said. Out with injuries and sickness most of last season, Voss has regained his former speed and play-making ability.

TWO FOOTBALL GAMES LISTED

Greenshirts Will Meet Esquimalt—Garrison to Oppose Saanich Thistles

Leading the race with two victories in as many starts, Victoria West will battle the cellar occupants, Esquimalt, tomorrow at Heywood Avenue in a Victoria and District Football League attraction. Robb will referee.

Saanich Thistles, holding down second place in company with Victoria City, will oppose the Garrison at the Royal Athletic Park, with J. C. Dows as arbiter. Kick-offs are set for 2:45 o'clock.

Greenshirts appear to be the class of the league and should add a couple of points at the expense of the dockers. The Esquimalt management last night announced the signing of Gordon Chalmers, former Thistles net custodian, for tomorrow's fixture.

With only a single point separating them, Saanich Thistles and the Garrison should present an interesting argument at the enclosure.

Teams follow:
Esquimalt—Chalmers, Laird, W. Stewart, Joe Watt, Sage, Smith, Holmes, Barnswell, J. Stewart, Marsh, Cooper, Tregalis, Young and Holt.

Saanich Thistles—Wensley, McMillan, Leggett, Williams, Wallace, A. Speller, Hope, McCaig, Alexander, Cosier, S. Speller, English, Carmichael and Crowe.

Basketball Teams Will Clash at High School Gymnasium

TWO basketball matches will be played this evening at the Victoria High School gymnasium, with the first commencing at 8 o'clock. Chinese Students, defeated in their initial start of the season, will clash with Wimpy's in the curtain-raiser, and hope to chalk up a victory. The latter quintette will be making their season's debut and, according to reports, have lined up some smart material. The second game on the card will bring together the Sons of Canada and the Navy in the men's senior "B" division. Tomorrow evening the Victoria Dominos, former rulers of the Canadian basketball world, will meet Cammarano's, Seattle squad, at 9 o'clock. Ramblers, Dominos' farm club, and St. Louis College Alumni will clash in the preliminary tussle at 8 o'clock.

BILL MURPHY IS LEADING CAGE SQUAD

Noted Player Heads Cammarano's for Game Here Against Dominos

BILL MURPHY

Led by "Big Bill" Murphy, ace forward and scoring star, Manager Rocky Moore and his Cammarano's basketball squad from the Seattle City League will be here tomorrow evening to provide the opposition for Victoria Dominos at the High School gymnasium. It will be the third game of the season for Dave Nicol's boys, the first two being easy victories for the former Canadian titleholders. The preliminary

game will open the programme at 8 o'clock. One thing is certain and that is that Cammarano's will give the Dominos their stiffest fight to date as the line-up of the visitors shows some smart basketball material will march on the maple court at the High School. On the front line there will be Willie Hilton, Honus Hoffeditz, Bill Murphy and Bob Graf, the former three occupying wing positions and the latter pair alternating at the tip-off berth. George Fredericks and Vic Calderon are expected to work on the rear flank. Calderon may not make the trip and the same goes for Roy Williamson, who will play guard and forward if he arrives. Secretary Will Ritchie, of the Dominos, stated yesterday he would know about Calderon and Williamson sometime today.

Alpine Dairy, the team the Dominos had such close games with last season, is booked to appear here on November 6. The dairymen were put out of the Seattle P.I. tournament by the Victorians in one of the greatest tussles of the series.

Manager Nicol will have his regulars on deck which means the following will be in uniform, Chuck and Art Chapman, Willie Rogin, Carl Coates, Austin Webster, Roy Taylor, Hank Rowe, Bert Davies, Stan Jackson and Axel Kinnear.

McKechnie Signs Contract

Bill McKechnie became one of the highest paid managers in baseball when he signed a two-year contract as manager of the Cincinnati Reds, of the National League, at a salary of \$25,000 a year. Left to right: Bill McKechnie, signing contract; Warren Giles, business manager of the Reds, and Powell Crosley, Jr., owner of the Reds.

game will open the programme at 8 o'clock.

One thing is certain and that is that Cammarano's will give the Dominos their stiffest fight to date as the line-up of the visitors shows some smart basketball material will march on the maple court at the High School. On the front line there will be Willie Hilton, Honus Hoffeditz, Bill Murphy and Bob Graf, the former three occupying wing positions and the latter pair alternating at the tip-off berth. George Fredericks and Vic Calderon are expected to work on the rear flank. Calderon may not make the trip and the same goes for Roy Williamson, who will play guard and forward if he arrives. Secretary Will Ritchie, of the Dominos, stated yesterday he would know about Calderon and Williamson sometime today.

Alpine Dairy, the team the Dominos had such close games with last season, is booked to appear here on November 6. The dairymen were put out of the Seattle P.I. tournament by the Victorians in one of the greatest tussles of the series.

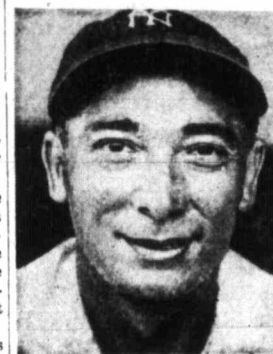

Manager Nicol will have his regulars on deck which means the following will be in uniform, Chuck and Art Chapman, Willie Rogin, Carl Coates, Austin Webster, Roy Taylor, Hank Rowe, Bert Davies, Stan Jackson and Axel Kinnear.

Wins Rugby Match

LEICESTER, England, Oct. 28 (P).—Warwickshire defeated Leicester-shire, 27-0, in a Rugby Union county championship match played here today.

LAZZERI WITH CHICAGO CUBS

Former Yankees' Second Baseman Signs Up as Player and Coach

TONY LAZZERI

CHICAGO, Oct. 28 (P).—Tony Lazzeri, for twelve years star second baseman for New York Yankees, was signed today by Owner Phil R. Wrigley of the Chicago Cubs as player and coach for 1938.

The deal was closed at a one-hour conference with Wrigley. Lazzeri came from his home in San Francisco for the meeting.

Wrigley arranged with the Yankee management for the second baseman's release after the last world series, saying he felt an ambitious player of the Lazzeri type could be fitted into the Cub organization. Earlier Wrigley made it clear Charlie Grimm would continue as the Cub pilot.

Lazzeri's best batting mark in the American League was .354 in 1929. Lazzeri was a Yankee star of the last world series, in which he collected one homer and fielded spectacularly as the key man of the infield.

LIABILITIES OF CARRERA HEAVY

LONDON, Oct. 28 (P).—Primo Carrera, former heavyweight boxing champion, placed his liabilities at \$4,324 (\$21,404), with no assets, it was announced by the bankruptcy receiver at a meeting of creditors today.

Carrera, absent from the meeting, came to England early this month to obtain permission to fight, only to run into a sheriff bearing an income tax bill of £124 and a judgment of \$4,200 in a breach of promise suit. He filed a bankruptcy petition and returned to Italy, but plans to come back here in six weeks.

MCINTYRE AND FREEMAN WILL MEET IN SEMI

Heavyweights to Appear To-morrow Evening at Tillicum Gymnasium

KIMON KUDO

Herbie Freeman, 265-pound New Yorker, who slapped, punched and gouged his way to victory over Johnny Marrs, young Missourian, returns to the local palace de squirm tomorrow evening to match holds with Donald McIntyre, Scottish heavy-weight, in the semi-windup spot on the local mat show. The bout is scheduled for five ten-minute sessions. Freeman is anything but popular with Victoria followers of the bone-bending pastime, and when he climbs over the ropes to oppose McIntyre he will be in for a busy evening. Nothing would please the local patrons better than to see the poker-faced Scot give the portly New Yorker plenty of punishment, and the chances are McIntyre will do just that and everybody will be happy.

Kimono Kudo, flashy Japanese judo star, who scored an impressive victory here a few weeks ago, has been signed to oppose Danny Dusek in the special event. Dusek turned in a great exhibition in his first match and scored an odd-fall triumph. Danny Dusek is the youngest member of the "Wrestling Duseks," and has been doing quite well for himself in his chosen profession. They will meet for five ten-minute sessions.

Abe Yourist, Jewish exponent of the mat game, who hails from New York, and Patrick O'Shocker, rugged Irish-American from St. Louis, will headline the show. They will match holds in a return bout following O'Shocker's odd-fall triumph last week. The bout should provide plenty of fireworks with O'Shocker handing out most of the rough tactics.

The first bout will start at 8:45 o'clock.

Ottawa Gridders Is Exonerated; Plays Saturday

OTTAWA, Oct. 28 (P).—Bunny Wadsworth, 260-pound middle of Ottawa Rough Riders, will play here Saturday against Toronto Argonauts, the club that tried to have him suspended for the season for rough play.

Wadsworth was exonerated today by Dr. Andy Davies, president of the Big Four, of charges leveled by Argonauts that he deliberately broke Harry Sonshine's jaw in a game in Toronto last Saturday.

At the same time, Davies warned Wadsworth he would be dealt with severely if he earned another game penalty this season.

Davies exonerated Wadsworth of deliberate dirty work after receiving reports from Pean Bennett, Joe Breen and Frank Turville, officials in charge of the Toronto game.

Goes With Maroons

TORONTO, Oct. 28 (P).—Bobby Porter, Toronto's husky International League baseball player, left today for Lake Placid, N.Y., to try out with Montreal Maroons, of the National Hockey League. Porter has never played professional hockey.

Manager Tommy Gorman invited the slugging outfielder to try for a defence berth on his team. Before he turned professional in the Spring of 1936 to play ball for the Toronto club, Porter played hockey for the Junior Toronto Marlboros.

Owner of baby car: "I left my car here with this coat over it, and now it's gone." Police: "Have you shaken the coat?"

STRONG SQUADS TO CLASH SATURDAY IN IMPORTANT FIXTURE

J.B.A.A. and Oak Bay Ruggers Announce Le-Ups For Tomorrow's Barnard Cup Match at Malen-ald Park—Navy and Scottish Meet in Senior "B" Division—Lead at Stake

Two unbeaten Rugby fifteens, Oak Bay Wanderers and the J.B.A.A., will hold the spotlight on tomorrow's local oval ball programme, when they clash in an important Barnard Cup match at Macdonald Park. Sharing top berth in the race for the silverware, the clubs will be battling for undisputed occupation of this coveted position.

Back in the senior fold after an absence of some years, Oak Bay Wanderers have welded together a well-balanced oval ball machine and one that should give the Bays, present champions, plenty of trouble. Comprised of intermediates who made a grand showing for the Oak Bay fifteen when they ruled as "cocks of the walk," and a number of players with "rep" experience, Coach George Warnock's Oak Bay lads are really capable of turning in a good performance.

Bays, with Bert Buller, former Fifth Brigade forward, as coach, have a squad that must be reckoned with in the best of local company. They have considerable experience in the backfield, and while lighter in the pack than their opponents from Oak Bay they will be right in the thick of the battle tomorrow.

Wanderers blanked the Garrison, 26-0, in their only start of the season, while the blue-sweatered oarsmen checked in with a 17-0 triumph over the soldiers last week. In their initial match, Bays trounced Victoria College, 24-0, but with the withdrawal from senior company by the Collegians the game has been removed from the league standing.

NAVY PLAYS SCOTTISH

On the lower field at the Outer Wharf enclosure, Navy and Canadian Scottish, joint leaders in the senior "B" division, will meet. Sailors defeated Duncan, present champions, 14-0, last week, while the "kilties" ran roughshod over the Tommies from Work Point for a 20-3 score. Tomorrow's match between the two undefeated fifteens promises to be a real battle from the first sound of the whistle.

Oak Bay Wanderers and Victoria College intermediates squads will fight for the leadership in their division when they meet at the Victoria High School grounds. In their initial matches of the season they registered victories over the Canadian Scottish and the Navy, respectively. Collegians will rule slight favorites for the honors, but oval ball fans close to the Oak Bay lads pick them to defeat the boys from Craigdarroch.

Down at Admirals Road, Esquimalt, the Navy and the Canadian Scottish intermediates will be gun-

ning for their initial triumph as they battle to evade the car position. Sailors will trot out strong line-up and have visions taking Coach Buster Stewart's cottish warriors into camp.

All matches are scheduled commence at 2 o'clock.

Teams follow:
Oak Bay Wanderers—rogan, Carney, Brown, Murdoch, Connan, Barber, Anderson, Cland, Moore, Gornall, Turner, For, McGregor, Thompson, Colthui and Stevens.

J.B.A.A.—Ferguson, Stherd, Smith, Bridge, Brown, Halkett, Dalzell, Collier, C. Doherty, P. Doherty, Ruttan, Croft, Br and Petticrew.

Oak Bay Wanderers (Intermediates)—S. Davies, V. Millie H. Evans, H. Clarke, P. Pear H. Langton, L. Painter, G. Murd, B. Page, H. Olsen, M. Ley, W. May, J. Davey, P. Palin and H. Wills. Spares: Tyhurst, I. McDonald and S. Corsan.

All players are asked to meet at the clubhouse at 2:15 o'clock.

Victoria College (Intermediates)—Smith, Wright, White, Oeler, Edman, Symons, Noel, McLachlan, McLean, Adam, Lannigan, Wills, MacKay, McDonald and Huddy.

Rangers Defeat New York Riids

EDMONTON, Oct. 23 (P).—ore dangerous inside the blue-lined New York Rangers outscored New York Americans 3-1 here tonight in the fourth game of their Western inter-city exhibition series. Rangers have won twice and lost once the other game was a tie.

The National Hockey League teams jump from here to Saskatoon where they will play two games Saturday.

The scrappy Americans outfool their Manhattan rivals but they lacked the finish around the goal and the neat passing plays displayed by Rangers.

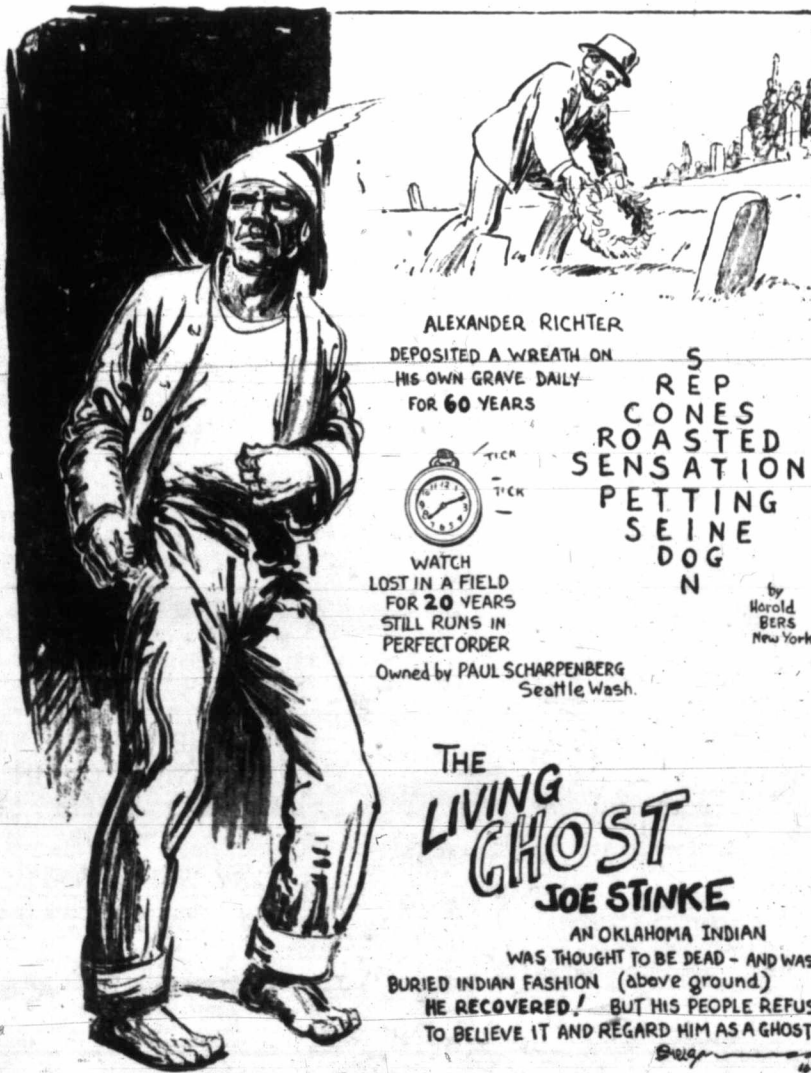

TO MANAGE OAKS

OAKLAND, Calif., Oct. 28 (P).—Appointment of E. V. "Dutch" Zwilling as manager of the Oakland club of the Pacific Coast Baseball League was announced today by President Vic Devincenzi of the Oaks.

Zwilling succeeds Bill Myer, who was named recently by the New York Yankee farm system to take over Zwilling's duties as manager of the Kansas City club of the American Association.

MEN who know value insist on the comfort and health benefits that good fitting, quality knitted garments provide. That is why so many men buy Penmans "95" and "71" Underwear. They consider it a wise investment in underwear value.

TIME OUT!

By Chet Smith

I think we're gonna have a tough time with this referee—the other side just presented him with a gold whistle!

LIFE'S LIKE THAT - By Fred Neher

"Now, I'd be afraid to tackle 'Em!"

Jane Dixon Says:

A MAN IS IN A DILEMMA BECAUSE HIS WIFE, WHO DESERTED HIM, WANTS TO HAVE THEIR TWO DAUGHTERS, BUT REFUSES TO RETURN HOME.

A husband and father puts a situation squarely up to me and I am praying for the sort of wisdom that will answer his question according to his needs and the best interests of all concerned.

I want so much to say, "Dad, try to persuade the mother of your two girls to come back to her home, to fill it to the rooftop with good cheer, helpfulness and love."

Then I should like to add, "Husband, be patient. Be kind but firm. Take the hand of your erring wife, hold it close, see if you can lead her to the way on which the two of you set out so hopefully together."

There is something stopping me advising you, my friend, along the line close to my heart and, no doubt, close to your heart too. Perhaps it's the hopelessness in your letter. It is like a pile of jumbled-up rocks which one aches to put together again for the sake of happiness, but which presents a futile task.

My honest belief is that you must determine to go your way alone until you meet some good woman who will travel with you, and that you should take your daughters with you.

WANTS NO MORE SCANDAL

Dear Madame—I am writing for information on what is best for me to do. My wife and I have been separated for a year. We have two children, both girls—one six, one eight.

Because of their mother's character and the way she was living, the law gave me the children several months ago. Now I have a good home in which I can keep the children, and the mother wants them back with her. I have asked her to come and live with us, but she refuses.

I have a letter, the contents of which give me plenty of ground on which to prosecute her and the man with whom she associates. We are not so far apart; she works in a cafe in a nearby place.

Just what would you do? I want no more scandal because of the children.—Their Father.

Answer—Every court in this land gives the benefit of the doubt to the mother. If the character of your wife was such as would impel the court to award you custody of your children, then you should keep that custody until such time as the mother, beyond question, has reclaimed herself and established her right to have jurisdiction over them.

IT IS DANGEROUS TO DRIFT

Your wife has refused to return to your home and live with you, even though the refusal meant being apart from her children. Obviously, living under such conditions is intolerable to her. One cannot always account for the workings of the human heart and the human body.

If you are sincere in your wish to avoid scandal—and I believe you are most sincere—take immediate legal steps to make your separation from your wife legal and final. Put a period to this phase of your life instead of allowing it to ride on a question mark.

It may be that by ending your present unhappy and uncertain situation both you and your wife can make a fresh start. Certainly the promise is worth the effort.

Under no condition surrender your young daughters to the influence of an immoral and incompetent mother—so adjudged by the court—until both you and the court determine that in so doing the daughters would benefit by the change.

It is up to you to make a decision, my dear "dad." Make a stout, clean-cut decision. The most dangerous and destroying thing we do in life is to drift.

(Copyright, 1937, by Bell Syndicate, Inc.)

HUSBAND—MASTER OF THE HOUSE

Today, husband means—or, at one time or another has meant:

The male head of a family; one who orders the economy of a family; a cultivator, a tiller, one who manages or directs with prudence and economy; the male of a pair of animals; and, last but not least, a married man, or a man with a wife.

The French say: The more things change the more they are the same—an aphorism almost precisely applicable.

All this significance of "husband" flows from the original Icelandic husband, master of the house.

SUITABLE CANDIDATE

Prospective employer—What we want is a night watchman who will watch, alert and ready for the slightest sound or indication of burglars. Somebody who can sleep with one eye open and both ears, and is not afraid to tackle anything.

Applicant—I see, sir, I'll send my wife around.
